**Budget Action description:**

This budget action would add \$200,000 GSF per year in 2013 and 2014 (for a total of \$400,000) to the Police Department's Office of Emergency Management to develop a City of Seattle Disaster Recovery Plan.

**Background:**

In 2012 the Legislative Department provided funding to the Office of Emergency Management to develop the scope and framework for a Disaster Recovery Plan for the City of Seattle. This first phase of work has been contracted to a consultant and a client group of City staff are working with the consultant to complete the scope by the end of 2012. This scope will provide a roadmap for the City to develop a full Disaster Recovery Plan and includes several opportunities to involve stakeholders from the across the city and region. This initial scoping phase has drawn participation from a number of City departments, and momentum now exists to move forward with the plan. The funding proposed here will allow the City to begin development of the actual plan and maximize the investment already made in the initial phase of the work.
