

CITY OF SEATTLE

ORDINANCE _____

COUNCIL BILL 117579

1
2
3
4 AN ORDINANCE relating to the Department of Parks and Recreation and Seattle Public
5 Utilities; transferring partial jurisdiction of a portion of the property formerly known as
6 the Sound Way Property, in the West Duwamish Greenbelt, from the Department of
7 Parks and Recreation to Seattle Public Utilities for maintenance, repair and operation of
8 existing drainage facilities.

9 WHEREAS, by Ordinance 123516 (January 2011) portions of streets, alleys and blocks known
10 as the Sound Way Property, located in the West Duwamish Greenbelt, were vacated and
11 placed under the jurisdiction of the Department of Parks and Recreation (DPR); and

12 WHEREAS, in 1972 the Seattle Engineering Department constructed a drainage collection and
13 conveyance system composed of approximately 250 linear feet of 18-inch to 30-inch
14 diameter pipe, three maintenance holes, concrete headwall diversion structure, overflow
15 basin, and rock lined open drainage channel to improve an existing drainage asset located
16 in this same area (drainage facilities). These drainage facilities collect and convey an
17 unnamed natural water course following a southeasterly direction from the Riverview
18 Playfield; and

19 WHEREAS, in 1997, after the merger of the Seattle Engineering and Seattle Water Departments,
20 ownership, operation and maintenance of the drainage facilities became the responsibility
21 of Seattle Public Utilities (SPU); and

22 WHEREAS, as a condition of the Sound Way street vacation, DPR pledged to work
23 cooperatively with SPU on the previously installed drainage facilities; and

24 WHEREAS, DPR and SPU have determined that it would be to their mutual benefit to transfer
25 partial jurisdiction of the area occupied by the drainage facilities from DPR to SPU to
26 facilitate efficient maintenance, repair and operation of the drainage facilities by SPU;
27 and

28 WHEREAS, because the drainage facilities existed long before Sound Way was vacated and the
street vacation was subject to the continuing operation and maintenance of the drainage
facilities, the requirements of Ordinance 118477 (Initiative 42) are not applicable; NOW,
THEREFORE,

BE IT ORDAINED BY THE CITY OF SEATTLE AS FOLLOWS:

Section 1. Such limited and partial jurisdiction of the following described real property (Use Area) as shall be necessary for the continued use, operation, maintenance and repair of existing drainage facilities, including approximately 250 linear feet of 18-inch to 30-inch diameter pipe, three maintenance holes, concrete headwall diversion structure, overflow basin, and rock lined open drainage channel, is hereby transferred from the Department of Parks and Recreation to Seattle Public Utilities on the conditions that (a) Seattle Public Utilities shall give the Department of Parks and Recreation at least 72 hours notice of intent to access the Use Area for maintenance and repair, except in case of emergency; (b) after any maintenance and repair of all or any portion of the drainage facilities, Seattle Public Utilities will restore the Use Area as nearly as possible to the condition existing immediately prior to such maintenance and repair at Seattle Public Utilities' expense; and (c) Seattle Public Utilities shall not use any park land outside of the Use Area, except for access purposes permitted in Section 2 below, for such maintenance and/or repair without the prior written approval of the Department of Parks and Recreation :

Legislation Title: AN ORDINANCE relating to the Department of Parks and Recreation and Seattle Public Utilities; transferring partial jurisdiction of a portion of the property formerly known as the Sound Way Property, in the West Duwamish Greenbelt, from the Department of Parks and Recreation to Seattle Public Utilities for maintenance, repair and operation of existing drainage facilities.

Summary of the Legislation:

The proposed legislation transfers partial jurisdiction of a small portion of the property formerly known as the Sound Way Property, in the West Duwamish Greenbelt in West Seattle, from the Department of Parks and Recreation (DPR) to Seattle Public Utilities (SPU) for the purpose of operation, maintenance and repair of SPU drainage facilities.

Background:

This proposed legislation transfers partial jurisdiction of certain property located within the former Sound Way property in the West Duwamish Greenbelt. The Sound Way property was an undeveloped street right-of-way until January 2011, when Ordinance 123516 vacated the street and added the property to the West Duwamish Greenbelt under the jurisdiction of DPR. The street right-of-way was vacated subject to several conditions, including DPR's agreement to cooperate with SPU's operation and maintenance of drainage facilities. Both DPR and SPU recommend that transfer of partial jurisdiction, with conditions, is the best means of complying with the street vacation condition to allow SPU's operation and maintenance of its subsurface and surface drainage facilities in the greenbelt. The transfer will have no effect on the look and feel of the area, but will facilitate efficient maintenance, repair and operation of the drainage facilities by SPU.

Because the drainage facilities existed long before Sound Way was vacated and the street vacation was subject to the continuing operation and maintenance of the drainage facilities, the requirements of Ordinance 118477 (Initiative 42) are not applicable.

X **This legislation does not have any financial implications.**

Other Implications:

- a) **Does the legislation have indirect financial implications, or long-term implications?**
No

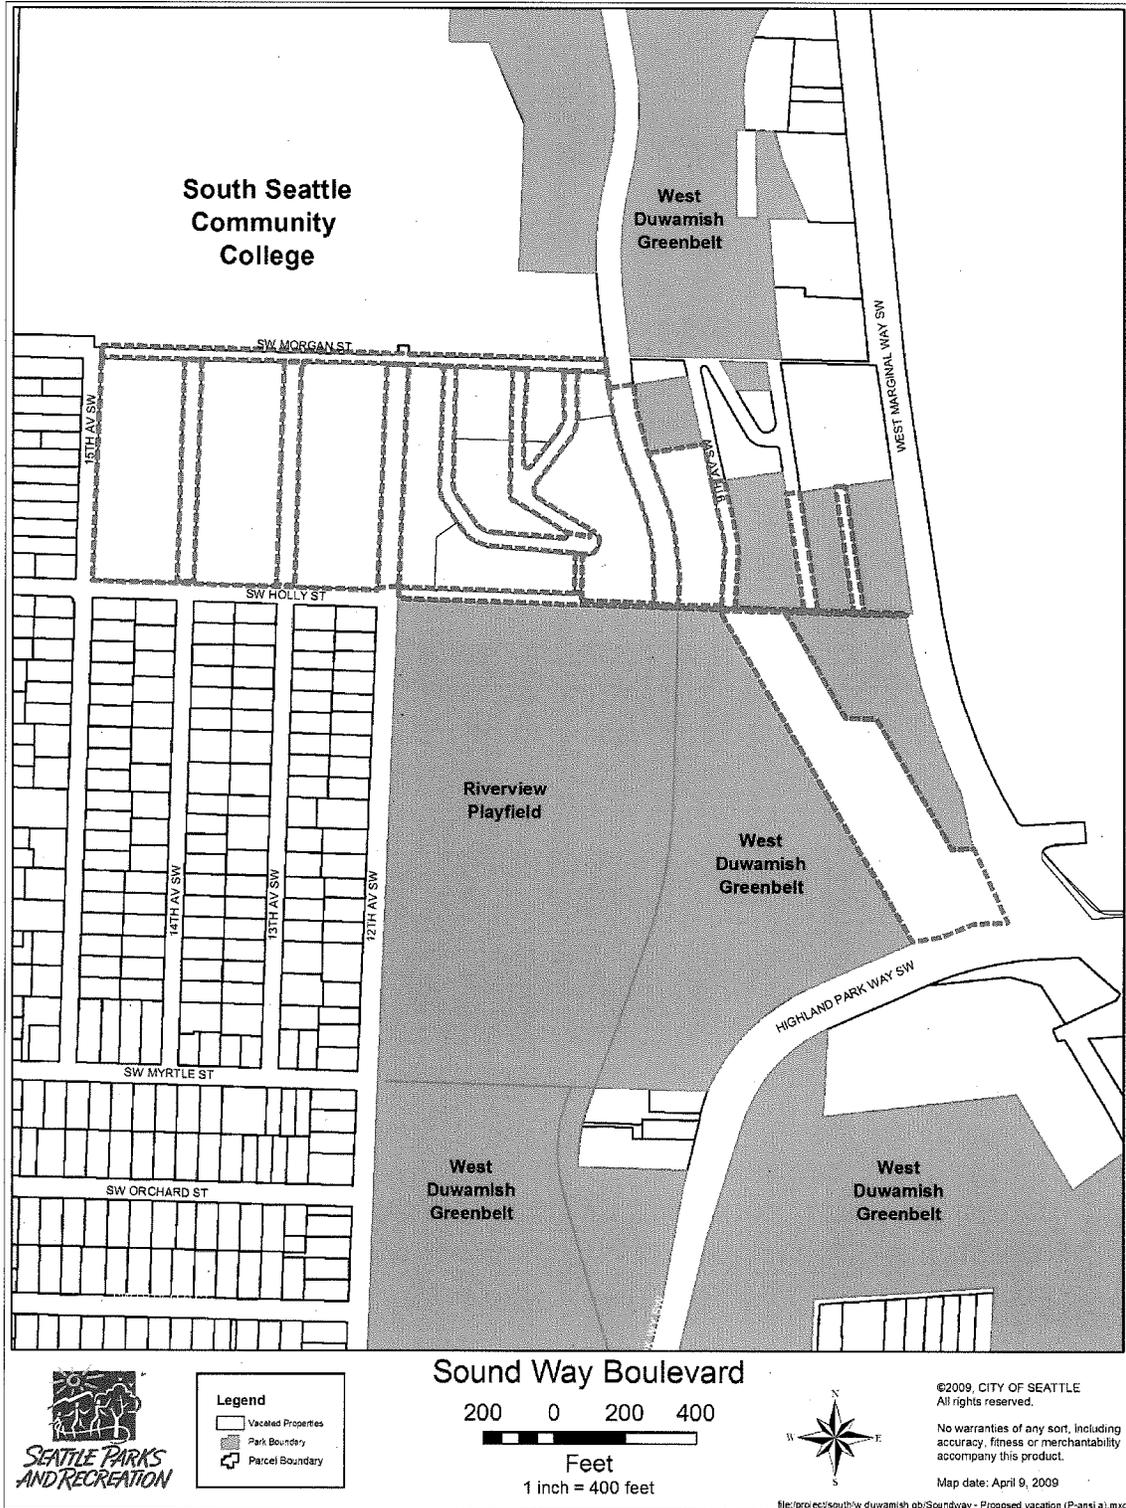

- b) What is the financial cost of not implementing the legislation?**
Maintenance of the drainage system is critical to the safety of Highland Park Way. In the winter of 2010 a malfunction of the system dumped dirt and gravel on Highland Park Way. SPU has the expertise to maintain and repair the drainage facilities and needs a partial transfer of jurisdiction to do so.
- c) Does this legislation affect any departments besides the originating department?**
Yes, Seattle Public Utilities.
- d) What are the possible alternatives to the legislation that could achieve the same or similar objectives?** There are no viable alternatives.
- e) Is a public hearing required for this legislation?**
No
- f) Is publication of notice with *The Daily Journal of Commerce* and/or *The Seattle Times* required for this legislation?**
No
- g) Does this legislation affect a piece of property?**
This legislation affects a piece of property in West Seattle. A map of the property is attached to this fiscal note.
- h) Other Issues:** N/A

City of Seattle
Office of the Mayor

August 28, 2012

Honorable Sally J. Clark
President
Seattle City Council
City Hall, 2nd Floor

Dear Council President Clark:

I am pleased to transmit the attached proposed Council Bill transferring jurisdiction of a portion of the property formerly known as the Sound Way Property, in the West Duwamish Greenbelt, from the Department of Parks and Recreation (DPR) to Seattle Public Utilities (SPU) for maintenance, repair and operation of existing drainage facilities.

The Sound Way Property was an undeveloped street right-of-way until January 2011 when Ordinance 123516 vacated the street and added the property to the West Duwamish Greenbelt under the jurisdiction of DPR. SPU operated the existing drainage facilities within the former Sound Way Property for many years. As a condition of the vacation of the property, DPR pledged to work cooperatively with SPU regarding maintenance of the drainage facilities.

Both DPR and SPU now recommend that transfer of partial jurisdiction of a portion of the former Sound Way Property, with conditions, is the best means of complying with the street vacation condition to allow SPU's operation and maintenance of its subsurface and surface drainage facilities in the greenbelt. The transfer will have no effect on the look and feel of the area, but will facilitate efficient maintenance, repair and operation of the drainage facilities by SPU.

Thank you for your consideration of this legislation. Should you have any questions, please contact Donald Harris at 684-8018.

Sincerely,

Michael McGinn
Mayor of Seattle
