Seattle Fire Department - Fire Marshal's Office

Subject: FCAB

Ms. Devallier:

The purpose of this letter is to confirm my interest in participating in the Fire Code Advisory Board.

Working as a property insurance broker for many clients with exposure in the Seattle and surrounding area I have seen how science based fire protection codes that also consider the economic impact on operations can encourage business development while providing protection for assets and people.

I have enjoyed volunteering in the community while working as a broker at Marsh. My connection to Seattle includes having been born at Swedish Hospital, graduating from the University of Washington, having a daughter who works downtown for Region 10 of Environmental Protection Agency, and having extensive family members in the area who are able to enjoy our beautiful City.

I look forward to participating in any way I can to assist the Fire Code Advisory Board.

Sincerely,

A handwritten signature in cursive script that reads 'Jeff Watt'.
