CITY OF SEATTLE
ORDINANCE _____
COUNCIL BILL 117580

AN ORDINANCE relating to Seattle Public Utilities; declaring property interests that may have been acquired by Seattle Public Utilities surplus to utility needs; and authorizing the exchange of quitclaim deeds between the City of Seattle and King County to clarify the northern boundary line of a portion of Seattle Public Utilities' Lake Youngs Supplyline right-of-way in the Southwest Quarter of Section 5, Township 22 North, Range 6 East, W.M., and in the Southeast Quarter of Section 6, Township 22 North, Range 6 East, W.M., in King County, Washington.

WHEREAS, the Seattle Water Department in 1898 condemned a 66-foot wide strip of land in the Southeast Quarter of Section 6, Township 22 North, Range 6 East, W.M. for a water supply line right-of-way, as authorized by Ordinance 3990; and

WHEREAS, in 1901, the Seattle Water Department condemned a neighboring 100-foot wide strip of land in the Southwest Quarter of Section 5, Township 22 North, Range 6 East, W.M. for a water supply line right-of-way, as authorized by Ordinance 5803; and

WHEREAS, in 1940, the Seattle Water Department acquired an additional 20-foot wide strip in the Southwest Quarter of Section 5, Township 22 North, Range 6 East, W.M. to the north of the 100-foot supplyline right-of-way and a variable-width strip in the Southeast Quarter of Section 6, Township 22 North, Range 6 East, W.M. to the north of the 66-foot supply line right-of-way, as authorized by Ordinance 70185; and

WHEREAS, these adjoining water supply line rights-of-way are part of the Lake Youngs Supplyline; and

WHEREAS, in 1950, a parcel to the north of and adjacent to the Lake Youngs Supplyline was sold by King County in a tax sale; and

WHEREAS, the ambiguous legal description of the parcel sold by King County in a 1950 tax sale left it unclear whether the property being sold was north of the Lake Youngs Supplyline right-of-way or was part of the northern 20 feet of the supplyline right-of-way; and

WHEREAS, the King County Assessor's records did not accurately reflect the City's ownership of a portion of the property sold in the 1950 tax sale; and

WHEREAS, in 1996 and 2005, King County purchased the property adjacent to and north of the City's Lake Youngs Supplyline for its Peterson Lake Natural Area; and

1 WHEREAS, in 1996, assets of the Seattle Water Department were transferred to Seattle Public
2 Utilities as authorized by Ordinance 118396; and

3 WHEREAS, Seattle Public Utilities and King County agree on the correct legal description of
4 the County-owned property and the City-owned property in this area; however, Seattle
5 Public Utilities has determined that there are ambiguities in legal descriptions in certain
6 deeds and tax assessor records that may create confusion regarding the boundary between
7 the two properties; and

8 WHEREAS, the City of Seattle and King County agree that an exchange of quitclaim deeds will
9 clarify title and reduce the risk of future disputes; NOW, THEREFORE,

10 **BE IT ORDAINED BY THE CITY OF SEATTLE AS FOLLOWS:**

11 Section 1. To the extent the City may have acquired for utility purposes any interest in
12 the real property legally described in the Quitclaim Deed attached hereto as Attachment 1, the
13 property is declared surplus under the provisions of RCW 35.94.040. The acceptance of a
14 quitclaim deed from King County as described in Section 3 is full and fair consideration for any
15 rights the City may be giving up with respect to the surplus property.

16 Section 2. The Director of Seattle Public Utilities, or his designee, is hereby authorized
17 to execute, for and on behalf of the City, a Quit Claim Deed substantially in the form of the
18 Quitclaim Deed to County attached hereto as Attachment 1, conveying to King County the City's
19 interest in real property located in a portion of the North One-half of the Southwest Quarter of
20 Section 5, Township 22 North, Range 6 East, W.M., and in a portion of the Northeast Quarter of
21 the Southeast Quarter of Section 6, said Township and Range, in King County, Washington,
22 which property is legally described in Attachment 1.

23 Section 3. The Director of Seattle Public Utilities, or his designee, is hereby authorized
24 to accept, for and on behalf of the City, a Quit Claim Deed substantially in the form of the
25 Quitclaim Deed to City attached hereto as Attachment 2, conveying to the City, King County's
26 interest in real property located in a portion of the Southwest Quarter of Section 5, Township 22

1 North, Range 6 East, W.M. and in a portion of the Northeast Quarter of the Southeast Quarter of
2 Section 6, said Township and Range, which property is legally described in Attachment 2.

3 Section 4. This ordinance shall take effect and be in force 30 days after its approval by
4 the Mayor, but if not approved and returned by the Mayor within ten days after presentation, it
5 shall take effect as provided by Seattle Municipal Code Section 1.04.020.

6 Passed by the City Council the ____ day of _____, 2012, and

Legislation Title:

AN ORDINANCE relating to Seattle Public Utilities; declaring property interests that may have been acquired by Seattle Public Utilities surplus to utility needs; and authorizing the exchange of quitclaim deeds between the City of Seattle and King County to clarify the northern boundary line of a portion of Seattle Public Utilities' Lake Youngs Supplyline right-of way in the Southwest Quarter of Section 5, Township 22 North, Range 6 East, W.M., and in the Southeast Quarter of Section 6, Township 22 North, Range 6 East, W.M., in King County, Washington.

Summary of the Legislation:

This legislation involves property rights that are agreed upon between Seattle Public Utilities and King County but that may not be clear in deeds or assessor's records. The legislation authorizes the exchange of quit claim deeds between the City and King County to clarify the boundary between a portion of the City's Lake Youngs Supplyline and King County's Peterson Lake Natural Area. The legislation would declare surplus to the City's needs any property interest the City arguably owns in the County's Peterson Lake Natural Area.

Background:

This ordinance relates to part of the Lake Youngs Supplyline in King County, approximately 1.5 miles east of Lake Youngs Reservation and near the intersection of SE Petrovitsky Road and 196th Avenue SE. The City purchased the supplyline right of way in 1898, 1901 and 1940. In 1950, a 20-foot wide strip adjacent to Lake Youngs Supplyline was sold by King County in a tax sale. The deed for the 1950 tax sale contained an ambiguous legal description which left it unclear whether the property being sold was north of and separate from the Lake Youngs Supplyline or was the northern 20 feet of the supplyline.

In 2005, King County purchased the property north of this section of the Lake Youngs Supplyline for its Peterson Lake Natural Area. King County does not want to own any part of the Lake Youngs Supplyline. Seattle Public Utilities asked King County for clarification of the property boundary between the City and County properties. King County and the City have agreed on an exchange of quit claim deeds to establish the legal boundary between the two properties. The exchange does not alter the physical land currently treated as being under the control and jurisdiction of each party, rather it clarifies title documents. The considerations for each quit claim deed are mutual benefits to the City and the County, with no money changing hands.

X This legislation does not have any financial implications.

Other Implications:

- a) **Does the legislation have indirect financial implications, or long-term implications?**
No.
- b) **What is the financial cost of not implementing the legislation?**
Unknown. This amicable exchange of quit claim deeds prevents future misunderstandings that might require litigation.
- c) **Does this legislation affect any departments besides the originating department?**
No.
- d) **What are the possible alternatives to the legislation that could achieve the same or similar objectives?** None.
- e) **Is a public hearing required for this legislation?**
Yes, a public hearing is required because property rights are being surplussed. The Council meeting(s) meet the public hearing requirement.
- f) **Is publication of notice with *The Daily Journal of Commerce* and/or *The Seattle Times* required for this legislation?**
No.
- g) **Does this legislation affect a piece of property?**
Yes. Please see the Attachment 1 for a map of the affected properties.
- h) **Other Issues:**
None

List attachments to the fiscal note below:

Attachment 1: Map of properties subject to this legislation

Attachment 1

Map showing property deeded from City of Seattle to King County and
Property deeded from King County to City of Seattle

City of Seattle
Office of the Mayor

July 31, 2012

Honorable Sally J. Clark
President
Seattle City Council
City Hall, 2nd Floor

Dear Council President Clark:

I am pleased to transmit the attached proposed Council Bill authorizing the Director of Seattle Public Utilities to exchange quit claim deeds with King County. The purpose of the quit claim deed exchange is to clarify the boundary line between a portion of the City's Lake Youngs Supplyline and the County's Peterson Lake Natural Area.

The Lake Youngs Supplyline carries water from the Cedar River Watershed to the Lake Youngs Reservation. It is a vital part of the City's water system. Protecting the City's water supply includes protecting its property rights. The deed for a 1950 tax sale contained an ambiguous legal description which left it unclear whether the property being sold was north of the Lake Youngs Supplyline or the northern 20 feet of the supplyline right-of-way. Fortunately, in 2005 King County purchased this property from a private owner to include in the County's Peterson Lake Natural Area. Seattle Public Utilities asked King County for clarification of the property boundary between the City and County properties. King County agreed to an exchange of quit claim deeds to establish the legal boundary between the two properties. The exchange does not alter the physical land under the control and jurisdiction of each party.

Thank you for considering this legislation and supporting the protection of an important component of the Seattle and the region's water supply. If you have questions, please contact Pree Carpenter at 386-9754.

Sincerely,

Michael McGinn
Mayor of Seattle

cc: Honorable Members of the Seattle City Council
