High school: Cleveland

Grade next year: Senior

## 1. How would you rate your participation in the Youth Commission this year?

5

### Why?

I have been able to do a lot apart from the youth commission. The ability to be able to be from this group has given me a chance to explore other issues in the community that I never thought of paying attention to. For example being part of the youth commission's health committee I had a chance to learn about the health issues around the city of Seattle. We got a chance to talk to other teens about health within the schools as well as make a difference by coming up with my own health club at Cleveland High School and get to make a change year round.

## 2. Why do you want to serve on the Youth Commission again?

I want to serve on the Youth Commission again because I would like to learn more about other committees and learn to make a difference as well as continue to learn more about politics and gain more knowledge and build on what I have already learned.

## 3. What was your most positive experience as a Youth Commissioner this year?

My most positive experience this year as part of the Youth commission is being able to learn about health within the community. When I got a chance to talk about health with teen health coordinators at Colombia and they gave me the idea to make the Teen health Advisory Club consisting of 15+ people.

## 4. What was your most challenging experience?

My most challenging experience was being able to make it on time. Since I go to Cleveland High School we normally get out of class at 2:55 and we have to take two buses as well as the train to get to the meeting.

## 5. What skills and knowledge did you gain, and what would you hope to gain next year?

The skills and knowledge I gained this year that I will be using next year is Stepping out of your comfort zone and talking to others who are not like you

Speaking out on issues you believe are important and what I hope to gain is another learning experience in another committee as well as step out of my comfort zone even more and push myself to be social with other members of the youth commission.

**6a. In what activities do you expect to participate next year, and how will you make the Youth Commission a priority on your schedule?**

My schedule for next year is clear. Since I am going to be a senior I won't be doing anything. This is the only after school I am going to be involved in. I am going to make it a priority next year because I don't have anything else to do.

**6b. Will you be able to attend Youth Commission meetings at City Hall every Wednesday from 4:00 – 5:30 during the school year?**

Yes

**7. How would you be an active leader on the Commission next year?**

Be social and get to know others on the youth commission.

**8. What's the one thing you'd most like to accomplish on the Commission next year?**

Get to know others as well as learn about the police department more and be on the youth violence committee.

**9. What are some changes you'd like to see in the program, and what will you do to help make them happen?**

- Have everyone show up at the meetings
- variety of the time it was only some of us who showed up most of the time and the other members came once in a while and disappeared.

**10. Is there anything else you'd like to say? (optional)**
