Document Number:	
Authorizing or Related Legislation:	Ordinance #118477
For Council Consideration?	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
SMC or other statute / policy requiring filing with the City Clerk <small>See chart on InWeb 'What to File' page: http://inweb/legislative_dep/WhatToFile.htm #AllDepartments</small>	SMC 23.51A.002, SMC 23.76.064
Other identifying Numbers: <small>(Related projects, permits, etc.)</small>	Project #3015640
Street address and abbreviated legal description:	5895 Lake Washington Boulevard S
Actions to be taken by the City Clerk's Office:	Concept Approval of a City Facility.

Notes / Comments: Council Concept Approval to allow the replacement and expansion of a utility service use (Seattle Public Utilities storm water facility) located at 5895 Land Washington Boulevard S (Project No. 3015640, Type V). Project elements include: A 2.65 million gallon combined sewer overflow (CSO) underground storage tank and 680 ft. CSO outfall (water/sewer pipe) and accessory equipment to store excess stormwater. Review includes removing and replacing existing tennis court and parking lot and replacing existing bulkhead with rockery. Project includes grading of 38,000 cu. yds. of material. A Revised Henderson Basin 44 Combined Sewer Overflow (CSO) Reduction Project Final Environmental Impact Statement dated September 5, 2013 and an Addendum dated September 30, 2013, have been prepared
