Legislation Title:

AN ORDINANCE relating to Seattle Public Utilities; declaring certain real property rights relating to sewer facility easements within the campus of the University of Washington as being surplus to City utility needs; authorizing the Director of Seattle Public Utilities to relinquish such easement rights and accept a new easement grant from the University of Washington for a City-owned sanitary sewer facility; and ratifying and confirming certain prior acts.

Summary of the Legislation:

This legislation would authorize the relinquishment of two utility easements and authorize the acceptance of an easement to access, maintain and operate the relocated sanitary sewer in property owned by the University of Washington.

Background:

The University of Washington asked City to relocate a sanitary sewer to allow for the construction of new campus facilities at 1101 NE Campus Pkwy. The UW's construction project involves demolishing a building and constructing a new building in its place. As part of the project, the University needs to relocate an 12-inch sanitary sewer main within its campus. This proposed legislation would relinquish surplus property rights and accept a new easement for the relocated sanitary sewer main.

Honorable Tim Burgess
President
Seattle City Council
City Hall, 2nd Floor

Dear Council President Burgess:

I am pleased to transmit the attached proposed Council Bill that would authorize Seattle Public Utilities to accept an easement from the University of Washington for a sanitary sewer main and relinquish two easements for sanitary sewer mains to be abandoned.

The University of Washington petitioned the City to relocate a sanitary sewer to allow for the construction of new UW facilities at 1101 NE Campus Parkway. The project involves demolishing an existing building and constructing a new building in its place. In doing this, the UW needs to relocate a 12-inch sewer main within its campus. This proposed legislation will approve relinquishing existing easements in exchange for granting a new easement to allow the future maintenance and operation of the relocated sanitary sewer in UW's property.

Codifying these three property rights transfers is the final remaining task related to this successful UW facility improvement project. Thank you for your consideration of this legislation. Should you have questions, please contact S. DeWayne Ticeson at (206) 684-7563.

Sincerely,
