**Legislation Title:**

AN ORDINANCE relating to the 2014 Budget; amending Ordinance 124349, which adopted the 2014 Budget, including the 2014-2019 Capital Improvement Program (CIP); changing appropriations to various departments and budget control levels, and from various funds in the Budget; adding new projects; creating new appropriations; revising project allocations for certain projects in the 2014-2019 CIP; creating positions; modifying positions; abrogating positions; making cash transfers between various City funds; and ratifying and confirming certain prior acts; all by a 3/4 vote of the City Council.

- Implement programs approved in the Adopted Budget or subsequent legislation;
- Create new capital improvement projects;
- Adjust for unanticipated actual and projected revenues;
- Abandon unused or unneeded appropriation;
- Appropriate funding backed by new revenue sources, such as grants and private donations; and/or
- Correct technical mistakes in the Adopted Budget.

This quarterly Supplemental Ordinance is accompanied by a quarterly Grant Acceptance Ordinance.

**2014 Fourth Quarter Supplemental Ordinance Fiscal Note Detail Table**

Item	Title/Description	Amount/FTE
<b>Section 1 – Appropriation Increases</b>		
1.1	Library Levy Operating Fund Transfer (2012 Library Levy, 2012 Library Levy Fund (18100))	\$1,835,504
	<p>This item increases appropriation authority by \$1,835,504 in the Library Levy Operating Transfer BCL. This request is necessary to fund the 2014 levy-funded supplemental appropriations in the Library Operating Fund, including carryover of Information Technology project funds from 2013. The Library went through an internal process this spring to re-allocate the 2013 levy underspend to appropriate levy activities in 2014. The Library anticipate going through a similar process to re-allocate any prior year non-capital levy underspend in each year of the levy.</p>	
1.2	Supplemental Authority Related to Seattle Center Events (Seattle Center, Seattle Center Fund (11410))	\$100,000
	<p>This item increases appropriation authority by \$100,000 in the Commercial Events BCL. This authority is needed to allow unbudgeted expenses related to commercial events occurring in 2014 at Seattle Center outside of KeyArena and McCaw Hall. The majority of these expenses are related to a new event held at Seattle Center, the Chive Festival. This one day music event generated a net profit of approximately \$74,000, but in order to do so, the department incurred expenses of approximately \$90,000. In addition to the Chive Festival, commercial events on Campus have been greater than assumed in our budget. We anticipate Rent and Reimbursable Labor revenues for Campus Commercial Events to exceed our budget by \$150,000. Most of these expenses will be incurred in the Admissions, Stage and Sound units which provide staffing for the production of the events.</p>	
1.3	Supplemental Authority Related to KeyArena Events (Seattle Center, Seattle Center Fund (11410))	\$1,200,000
	<p>This item increases appropriation authority by \$1,200,000 in the KeyArena BCL. In 2014, KeyArena hosted a variety of successful events. The cost of producing these events has increased significantly above what we assumed in the 2014 Adopted Budget. These costs are driven by increasingly complex and labor intensive staging and production costs. While these expenses are reimbursed by the promoter, the department requires the increased expense authority to cover these costs.</p>	
1.4	Supplemental Authority Related to McCaw Hall Reserve Spending (Seattle Center, Seattle Center Fund (11410))	\$200,000
	<p>This item increases budget authority by \$200,000 in the McCaw Hall BCL. These expenses are related to a one-time disbursement of funds from the McCaw Hall Reserve Fund. In accordance with the McCaw Hall Operating Agreement, approved by Ordinance 121206, representatives of the Seattle Center, Seattle Opera and Pacific Northwest Ballet agreed to disburse \$200,000 from the existing reserves to the three parties. Sufficient reserves remain to cover anticipated needs in the near future.</p>	

Item	Title/Description	Amount/FTE
1.5	REET Support to DPD's TRAO Program (Cumulative Reserve Subfund, Cumulative Reserve Subfund - REET I Subaccount (00163))	\$131,997
	This item increases appropriation authority by \$131,997 in the Tenant Relocation Assistance Program REET I BCL. DPD's Tenant Relocation Assistance Program (TRAO) is fully funded by the City's REET resources and due to increases in construction and renovations, TRAO case volumes are much higher than anticipated. This item provides the funding to DPD to support this program. Companion item 1.7 of this ordinance provides the REET resources for this request.	
1.6	Increased Pass-Through Costs for Wireless Devices (Department of Information Technology, Information Technology Fund (50410))	\$194,000
	This item increases appropriation authority by \$194,000 in the Technology Infrastructure BCL. This is necessary to pay for the increased costs of the City departments' wireless devices and wireless devices' carrier costs. These costs are pass-through costs to the Department of Information Technology and it recovers the costs from the other departments monthly.	
1.7	Tenant Relocation Assistance Ordinance (TRAO) Program (Department of Planning and Development, Planning and Development Fund (15700))	\$131,997
	This item increases appropriation authority by \$131,997 in the Code Compliance BCL (U2400). This request is necessary to support the Tenant Relocation Assistance Ordinance (TRAO) program, specifically relocation assistance payments to low income tenants. DPD initially estimated a total of approximately 99 payments would have been made on cases in 2014. However, due to increases in construction and renovations, TRAO case volumes to date are much higher than anticipated, well beyond what was forecasted for the 2014 budget. DPD now estimates a total of 180 eligible TRAO cases in 2014. Funding to support this request requires an allocation from CRF-REET 1 in the full amount identified. See companion item 1.5 in the council bill)	
1.8	Outreach in the Chinatown/International District (Department of Planning and Development, Planning and Development Fund (15700))	\$20,000
	This item increases appropriation authority by \$20,000 in the Code Compliance BCL (U2400). This request is necessary for the Department of Planning & Development to temporarily expand a program of outreach and assistance in the Chinatown/International District. The expanded program would support hands-on technical assistance to households that face language and other barriers to completing assistance applications or meeting requirements of the TRAO program. Funding to support this request requires an allocation from General Subfund. Companion item 1.11 of this ordinance provides the General Fund resources for this request.	
1.9	YES Program Appropriation Increase (Department of Parks and Recreation, Park and Recreation Fund (10200))	\$40,000
	This item increases appropriation authority by \$40,000 in Facilities and Programs BCL (K310D) to expand the Youth Engaged in Service (YES) program through December of 2014. This appropriation is supported by the General Fund. Companion item 1.10 of this ordinance provides the General Fund resources for this request.

	This item increases appropriation authority by \$20,000 in the Support to Operating Funds BCL (2QE00). This item provides General Fund support for Department of Planning's request to temporarily expand a program of outreach and assistance in the Seattle Chinatown International District. The expanded program would support hands-on technical assistance to households that face language and other barriers to completing assistance applications or meeting requirements of the Tenant Relocation Assistant program. See corresponding Parks item 1.8.	
1.12	Housing Consultant Support (Finance General, General Subfund (00100))	\$65,000
	This item increases appropriation authority by \$65,000 in the Appropriations to General Fund Subfunds and Special Funds BCL (2QA00) to provide General Fund support in hiring a consultant to assist with the Housing Affordability and Livability Agenda. 	This item increases appropriation authority by \$46,000 in the Youth & Family Empowerment BCL. The additional funds will be used as follows: \$31,000 for an additional Career Bridge Youth/Young Adult Cohort and \$15,000 for additional Youth Employment capacity (HSD provided an additional 10 youth with employment this summer).	
1.14	Reimbursement Authority for Utility Street Cuts (Seattle Department of Transportation, Transportation Operating Fund (10310))	\$2,000,000
	This item increases appropriation authority by \$2,000,000 in the Street Maintenance BCL (17005). As the pace of new development and redevelopment continues to grow throughout the City the need for utility connections (and street restorations after the cuts in the street have been made) to those developments also rise. SDOT has seen an increase in requests by the utilities to complete these restorations. This work has now exceeded our reimbursable authority and additional spending authority is needed. The additional spending authority will also be reimbursed by the utilities.	
1.15	Supplemental Budget for Utility Costs (Seattle Fire Department, General Subfund (00100))	\$300,000
	This item increases appropriation authority by \$300,000 in the Operations BCL (F3000). This request is necessary to pay for City provided utilities including electricity, water and sewer costs which were greater than projected and budgeted in the 2014 Operating Budget.	

Item	Title/Description	Amount/FTE
1.16	<p>Supplemental Budget for Retirement Cash Outs (Seattle Fire Department, General Subfund (00100))</p> <p>This item increases appropriation authority by \$1,050,000 in the Operations BCL (F3000). This request is to cover higher than expected costs associated with firefighter retirements. The retirement cash out costs are the accumulated unused sick leave, vacation and merit time that retiring members have earned over their career.</p>	\$1,050,000
1.17	<p>PEO Services for Viaduct Project (Seattle Police Department, General Subfund (00100))</p> <p>This item increases appropriation authority by \$28,336 in the Special Operations BCL. This appropriation is revenue backed by a contract with the Seattle Department of Transportation. The contract period is September 23, 2014 through December 28, 2014. Funds will support the implementation of the SR-99 Parking Mitigation Plan, which implements mitigation strategies in Pioneer Square and the waterfront neighborhoods affected by SR-99 construction-related parking removals. Parking Enforcement will provide appropriate staffing to enforce posted time limits in this area on Sundays during the contract period.</p>	\$28,336
1.18	<p>SWF – General &amp; Administrative Credit Program (Seattle Public Utilities, Solid Waste Fund (45010))</p> <p>This item increases appropriation authority by \$1,200,000 in the General &amp; Administrative (G&amp;A) Credit Program in the Administration BCL of the Solid Waste Fund. This request is necessary because spending on the Fringe Benefit will be higher in the Revised Budget than anticipated. This overage is due to a shift in CIP and O&amp;M Labor billings for both Drainage &amp; Wastewater and Solid Waste Lines of Business. The net effect is a shift in labor from Drainage &amp; Wastewater Line Of Business to Solid Waste Line Of Business. If this request for additional appropriation is not approved, the Solid Waste Fund Administration BCL will exceed budget by \$1,200,000.</p>	\$1,200,000
1.19	<p>DWF- Debt Service Program costs (Seattle Public Utilities, Drainage and Wastewater Fund (44010))</p> <p>This item increases appropriation authority by \$1,750,000 in the Debt Services Program in the General Expense BCL of the Drainage Wastewater Fund. This request is necessary to cover higher than forecast 2014 bond issue costs and interest accruals netted from bond receipts. If this request for additional appropriation is not approved, the DWF General Expense BCL will exceed budget by \$1,750,000.</p>	\$1,750,000
1.20	<p>DWF- Sewer Volume related costs (Seattle Public Utilities, Drainage and Wastewater Fund (44010))</p> <p>This item increases appropriation authority by \$2,240,000 in the SPU General Expenses Program (Major Contracts – Metro) in the General Expense BCL of the Drainage Wastewater Fund. This request is necessary due to higher Metro Contract payments due to higher than projected sewer volume. If this request for additional appropriation is not approved, the DWF General Expense BCL will exceed budget by \$2,240,000.</p>	\$2,240,000

Item	Title/Description	Amount/FTE
1.21	Firefighters' Pension Fund Contributions (Finance General, General Subfund (00100))	(\$900,000)
	<p>This item reduces appropriation authority by \$900,000 in the Support to Operating Funds BCL of Finance General to reduce General Subfund support to the Firefighters' Pension Fund (FPF). Because the cost of benefits paid from the FPF in 2014 has been lower than expected, General Subfund support can be reduced without any impact on plan benefits.</p>	
1.22	Housing Nexus Study (Legislative Department, General Subfund (00100))	\$41,000
	<p>This item increases appropriation authority by \$41,000 in the Legislative Department BCL for consultant services to complete a study evaluating the nexus between new low-rise residential and commercial retail and entertainment development in the city and the demand for affordable worker housing for the purpose of evaluating a housing linkage fee.</p>

2.1	Performance Measures Funding (Department of Information Technology, Information Technology Fund (50410))	\$148,000
	<p>This item increases appropriation authority by \$148,000 in the Office of Electronic Communications BCL. This request is necessary to pay for a performance metrics website that includes dashboards and goals for viewing by the public. The website showcasing these performance measures will reflect the first step in a larger performance measures program for the city of Seattle. The website will include navigable performance measures from a variety of departments and will leverage the transparent and easy to use open data platform. This project is scheduled to launch in February of 2015 with the work starting at the end of 2014. This will be funded with fund balance from the Department of Information Technology Fund and the Cable Television Franchise Subfund.</p>	
2.2	Add Funding for Housing Affordability and Livability Agenda Consultant (Executive/Office of Housing, Office of Housing (16600))	\$65,000
	<p>This item increases appropriation authority by \$65,000 in the Office of Housing Operating Fund BCL for the purpose of hiring a consultant to assist with the Housing Affordability and Livability Agenda. This is supported by a corresponding item 1.12..</p>	
2.3	Fort Lawton Army Reserve Center Redevelopment Project - Appraisal Service (Executive/Office of Intergovernmental Relations, General Subfund (00100))	\$50,000
	<p>This item increases appropriation authority by \$50,000 in the Intergovernmental Relations BCL. This appropriation authority will be used to hire an appraisal service to conduct an appraisal on the Fort Lawton Army Reserve Center located adjacent to Discovery Park. In 2005, the Fort Lawton Army Reserve Center was designated for closure under the federal Base Realignment and Closure Act and the federal Department of Defense named the City of Seattle as the Local Redevelopment Authority (LRA) for the 28 acre site. As part of the property transfer and redevelopment process, both the Army and the City are required to obtain separate appraisals to determine the value of the property for negotiations on a sale price and terms. This appropriation request will cover the City's cost for their appraisal.</p>	

Item	Title/Description	Amount/FTE
2.4	Construction Inspection Position in Fire Marshal's Office (Seattle Fire Department, General Subfund (00100))	\$169,166
	<p>This item increases appropriation authority by \$169,166 in the Fire Prevention BCL (F5000) to provide for a full-time, term-limited Inspector position in the Seattle Fire Department (SFD) Fire Marshal's Office. This position is being added due to growing demand for construction inspections. Funding an additional position will help SFD provide more timely inspections and reduce backlogs, supporting better customer service and the economic development of Seattle. The costs of the position will be offset by construction-related fee revenues, which are currently exceeding 2014 forecasts by \$188,000. This appropriation allows for SFD to add the additional position this year and also funds the position through 2015. The term-limited position is created by item 6.1 in this ordinance and will sunset December 31, 2016, assuming demand for construction inspections has returned to more expected levels.</p>	
2.5	Municipal Court Information System (MCIS) Remodel: Electronic Court Filing Module Phase IV Development, General Subfund (00100)	\$219,000
	<p>This item increases appropriation authority in the amount of \$219,000 in the Court Administration BCL (M3000). This amount is needed to cover the next phase of the Municipal Court Information System (MCIS) improvement project and is funded by the Trial Court Improvement Account. The funds will implement Phase 4 of the Electronic Court Filing (ECF) Module and purchase consulting services, temporary staff and training. Users of MCIS will be able to process and view court records electronically, including the timely review and transmission of discovery. This is being funded by releasing reserves held in the General Fund.</p>	
2.6	Levy-funded Information Technology projects (The Seattle Public Library, Library Fund (10410))	\$666,985
	<p>This item increases appropriation authority by \$666,985 in the Information Technology BCL. This request is necessary to complete levy-funded Information Technology projects initiated in 2013. The Library originally anticipated spending \$1,340,000 of levy proceeds on technology projects in 2013, however, only spent \$655,625 due to longer than anticipated lead time in getting major multi-year technology infrastructure projects under contract. These projects, which include replacing the Library's Radio-Frequency Identification (RFID) system and upgrading wireless infrastructure will be underway or completed by the end of 2014. In future years, the Library will automatically carryforward budgets for multi-year technology projects.</p>	
2.7	Increase levy funding for Library wireless infrastructure project (The Seattle Public Library, Library Fund (10410))	\$250,000

Item	Title/Description	Amount/FTE
	<p>This item increases appropriation authority by \$250,000 in the Information Technology BCL. This request is necessary to complete the levy-funded wireless infrastructure project. When the Library developed estimates as part of the 2013-2014 budget process for upgrading the wireless infrastructure at the Central Library and neighborhood libraries, the Library did not anticipate the extent of cabling work that would be required. The original estimated total project cost was \$300,000—however, the Library now anticipates actual costs to be about \$550,000. The Library will use part of the \$1 million set aside for contingency in the seven-year levy plan for technology to cover these costs. The project is under contract and will be completed by the end of the year.</p>	
2.8	<p>Library web redesign consultant (The Seattle Public Library, Library Fund (10410))</p>	\$250,000
	<p>This item increases appropriation authority by \$250,000 in the Marketing and Online Services BCL. This request is necessary to fund a consultant contract to re-design the Library's website, which was one of the levy commitments. The Library anticipates bidding this project in the fall and having a consultant under contract before the end of the year. The Library is funding these expenditures with Library Levy fund balance.</p>	
2.9	<p>Accelerate bin replacement and temporary maintenance labor (The Seattle Public Library, Library Fund (10410))</p>	\$106,548
	<p>This item increases appropriation authority by \$106,548 in the Administrative Services BCL. This request is necessary to allow the Library to replace 30 bins that are part of the automated handling system at the Central Library. The bins, which are now more than 10 years old, are failing at a faster rate than anticipated. This additional appropriation authority will also be used to fund temporary staff to address staffing gaps in the Facilities division. The Library is funding these expenditures with Library Levy fund balance.</p>	
2.10	<p>Increase budget for e-books and digitization of local history resources (The Seattle Public Library, Library Fund (10410))</p>	\$561,971
	<p>This item increases appropriation authority by \$561,971 in the Library Program and Services BCL. This request is necessary to allow the Library to purchase more e-books. Due to price increases and licensing restructuring that have recently occurred in the publishing industry, the Library's buying power is diminished. These additional funds will allow the Library to achieve the targeted number of e-books and e-audio materials anticipated with the levy. This funding will also allow the Library to hire a full-time temporary librarian to help with the digitization of the Library's local history collection, both a levy commitment and a Library service priority. The Library is funding these expenditures with Library Levy fund balance.</p>	
<p><b>Section 3 – New Capital Project</b></p>

	<p>This item creates a new CIP Project: Columbia Two-Way Street Improvements (TC367640) in the Major Maintenance/Replacement BCL (19001). This project consists of reconstructing Columbia Street so that it is a two-way roadway for transit between 1st &amp; 3rd avenues. All of SDOT's costs will be reimbursed by King County.</p>	
<p><b>Section 4 – Appropriation Increases - Capital Improvement Projects</b></p>		
4.1	<p>SR 520 Bridge Replacement and HOV Mitigation Funds (Department of Parks and Recreation, Cumulative Reserve Subfund - Unrestricted Subaccount (00164))</p>	\$12,300

Item	Title/Description	Amount/FTE
	<p>This item increases appropriation authority by \$12,300 in the Parks Infrastructure BCL (K72441). This is necessary for Parks to receive and spend mitigation funds from the State of Washington Department of Transportation (WSDOT) in support of the SR 520 Bridge Replacement and HOV Project Mitigation Project (K732435). The mitigation funds are a result of the pending impact the State SR 520, I-5 to Medina: Bridge Replacement and HOV Project will have on the Washington Park Arboretum, and parks, trails and shorelines along Lake Washington and the Lake Washington Ship Canal. This will amend the existing reimbursement agreement to \$1,138,700. These reimbursable funds have not yet been received.</p>	
4.2	<p>Fauntleroy Bridge Reimbursement (Seattle Department of Transportation, Transportation Operating Fund (10310))</p>	\$1,882,675
	<p>This item increases appropriation authority by \$1,882,675 in the Major Maintenance/Replacement BCL (19001). Funds will be directed to the Bridge Rehabilitation and Replacement project (TC366850). The City received a reimbursement from a design consultant due to a design error for the bearing pad portion of the Fauntleroy Bridge project. The funding will be used to replace the bearing pads previously installed, which were not designed sufficiently and must be replaced. Design work is expected to be complete by the end of 2014. Construction will begin in January 2015 and will be complete in the summer of 2015.</p>	
4.3	<p>Connect Bridges to Sanitary Sewer (Seattle Department of Transportation, Transportation Operating Fund (10310))</p>	\$350,000
	<p>This item increases appropriation authority by \$350,000 in the Major Maintenance/Replacement BCL (19001). Funds will be directed to the Bridge Rehabilitation and Replacement project (TC366850). These Levy Lid Lift revenues will be used to connect the University and Ballard Bridges to the City's sanitary sewer system. Currently, the bridges utilize sanitary holding tanks that must be serviced twice monthly; this requires a lane closure. Because the servicing will no longer be needed after the sewer connection, the City will save \$72,000 annually.</p>	
4.4	<p>Columbia Two-Way Street Improvements (Seattle Department of Transportation, Transportation Operating Fund (10310))</p>	\$1,000,000
	<p>This item increases appropriation authority by \$1,000,000 in the Major Maintenance/Replacement BCL (19001). Funds are directed to a new "Columbia Two-Way Street Improvements" project (TC367640). Item	Title/Description	Amount/FTE
	This item increases appropriation authority in the amount of \$2,000,000 to C1113 (Water Infrastructure-New Taps) within C110B (Water Fund Distribution BCL). New Taps expenditures were higher than the budgeted amount due to higher demand for new taps than anticipated in 2014. This expense is offset by new tap revenue. If this request is not approved the New Taps program will exceed budget authority by \$2,000,000 or many new taps will not be completed. Additionally, SPU service levels would be affected and revenue from taps fees would be missed.	
4.6	DWF - Emergency Rehabilitation (Seattle Public Utilities, Drainage and Wastewater Fund (44010))	\$1,000,000
	This item increases appropriation authority by \$1,000,000 in the C3705 - Emergency Rehabilitation Project within the Rehabilitation BCL in the Drainage and Wastewater Fund. This request is necessary because spending is higher than planned in the Revised Budget due to increased efforts in emergency sewer pipe rehabilitation. If this request is not approved, the C370 - Rehabilitation will exceed its budget.	
4.7	DWF - Point Sewer Pipe Rehab (Seattle Public Utilities, Drainage and Wastewater Fund (44010))	\$3,000,000
	This item increases appropriation authority by \$3,000,000 in the C3704 - Point Sewer Pipe Rehab within the Rehabilitation BCL in the Drainage and Wastewater Fund. This request is necessary because spending is higher than planned in the Revised Budget due to increased efforts in addressing critical sewer pipe rehab issues. Grant money will run from October, 2014 to December 31, 2014. The work will be funded by a Washington State Department of Commerce grant received from the US Department of Commerce National Telecommunications and Technology Infrastructure Administration's State Broadband Initiative Program (NTIA SBI). The grant will reimburse the City and requires that an offsetting amount be applied to the Community Technology Program 2015 budget.

	This item transfers appropriation authority in the amount of \$200,000 from the Claims Expenses BCL to the Police Action BCL. Judgments and settlements in police action cases are higher than budgeted in 2014.	
9.2	Transferring FG authority to DON (Department of Neighborhoods; General Subfund (00100)/Finance General; General Subfund (00100))	\$0
	This item transfers appropriation authority in the amount of \$250,000 from the Reserves BCL in Finance General to the Director's Office BCL in the Department of Neighborhoods (DON). In the 2014 Adopted Budget, \$250,000 was added to Finance General for the Duwamish River Opportunity Fund to support new and existing programs addressing challenges faced by Duwamish River area communities. Over the course of 2014, DON has worked with a consultant to develop and implement a community grant application process and identify projects to award funding totaling \$250,000 to community groups. This transfer is necessary for DON to contract with the awarded groups and more closely manage the awarded groups' progress. Projects were selected for award in November and this transfer will allow DON to begin the contracting process in December. This item would only transfer appropriation authority and requires no additional resources.	
9.3	Additional Emphasis Patrols in Quarter 4 (Seattle Police Department; General Subfund (00100)/Finance General; General Subfund (00100))	\$0

Item	Title/Description	Amount/FTE
	<p>This item transfers appropriation authority in the amount of \$700,000 from the Finance General Reserves BCL (2QD00) to the Special Operations BCL (P3400) in Seattle Police Department. In the 2014 Adopted Budget, funding was set aside for the purchase of a data solution for Department of Justice Settlement Agreement requirements. This same reserve was also available to cover additional overtime requirements, as needed, by the Department. Due to the delay in the purchase of the data solution, funding is available to cover additional sworn officer emphasis patrols in the last quarter of the year. The data solution will be funded with new appropriations in 2015. Emphasis patrols are an immediate way to increase police visibility and address areas of concern highlighted during biweekly SeaStat meetings.</p>	
9.4	<p>Department of Justice Settlement Agreement and Training Overtime Requirements (Seattle Police Department; General Subfund (00100)/Finance General; General Subfund (00100))</p>	\$0
	<p>This item transfers appropriation authority in the amount of \$2,500,000 from the Finance General Reserves BCL (2QD00) to the Professional Standards BCL (P2000) in Seattle Police Department. The 2014 Adopted Budget placed funding in Finance General Reserves to cover potential expenses associated with the Department of Justice (DOJ) Settlement Agreement. In 2013, Ordinance 124147 increased SPD's appropriation authority from Finance General for various DOJ-related costs articulated by the Department but did not appropriate funding for overtime use. SPD was instructed to request the money when the Department could better forecast the total DOJ-related costs. SPD has analyzed the most recent overtime report and has determined that funding will be required to balance overages in overtime resource categories related to the DOJ efforts: Use of Force Review Board operations, Force Investigation Team investigations and call-outs, policy and procedures development, training development and general DOJ compliance. In addition, funding is required to cover overtime costs associated with the accelerated training of employees on new policies related to revised policies.</p>	
9.5	<p>SPD Overtime Requirements in 2014 (Seattle Police Department; General Subfund (00100)/Finance General; General Subfund (00100))</p>	\$0
	<p>This item transfers appropriation authority in the amount of \$1,378,000 from the Finance General Reserves BCL (2QD00) to the Special Operations BCL (P3400) in Seattle Police Department. In the 2014 Adopted Budget, funding was set aside for the purchase of a data solution for Department of Justice Settlement Agreement requirements. This same reserve was also available to cover additional overtime requirements, as needed, by the Department. Due to the delay in the purchase of the data solution, funding is available to cover additional overtime expenditures that the Department is unable to absorb in 2014. The data solution will be funded with new appropriations in 2015. Over the years, the size and scope of special events which are not directly reimbursed has increased requiring additional resources to be deployed. While the Department attempts to absorb overtime overages with internal underspend, it was unable to do so in 2014 because of reduced salary savings due to acting or unfunded authorities in the first half of 2014, larger than average retirement payouts, and incorrect civilian pension calculations in the base budget discovered late in 2014.</p>	
9.6	<p>WF - Landsburg Chlorination (Seattle Public Utilities; Water Fund (43000)/Seattle Public Utilities; Water Fund (43000))</p>	\$0

	<p>This item transfers appropriation authority in the amount of \$1,016,083 from C140B (Water Quality &amp; Treatment) to C410B (Shared Cost Projects) across Water Fund BCLs. This is due to the merging of C1417/C111003 (Landsburg Chlorination) into C4107/C408050 (Regional Facility – Other/Landsburg Facilities Dvlpmnt). Appropriations are available in the Landsburg Chlorination (C111003) that is closed since August 2013. The project replaces the gas chlorination facilities at Landsburg with liquid chlorination (hypochlorite) facilities for improving safety and security. If this request is not approved, Regional Facility – Other program will exceed budget authority by \$1,000,000, and risk the safety and security at Landsburg Facilities.</p>	
9.7	<p>Transfer to cover SPU Call Center MOA Increase (Seattle City Light; City Light Fund (41000)/Seattle City Light; City Light Fund (41000))</p>	
	<p>This item transfers appropriation authority in the amount of \$450,000 from the Distribution Services BCL (SCL310) to the Customer Services BCL (SCL320). This transfer is needed to cover an increase in the Memorandum of Agreement between City Light and Seattle Public Utilities (SPU) for Call Center services. This increase was agreed to after the 2014 Budget was approved. This funding is coming from savings in contract work in the Energy Delivery Asset Management and Large Projects groups in the Distribution Services BCL.</p>

Through Ordinance 123836, the City accepted a \$3 million grant from the Department of Housing and Urban Development to implement the Neighborhood Equitable Transit Oriented Development Initiative. Ordinance 123836 also created a new BCL in the Office of Housing's Operating Fund to track these funds. The last phase of the grant involves making construction loans to non-profit developers, and this type of expense is more appropriate for the Office of Housing's Low Income Housing Fund, rather than the Operating Fund.</p>	
<b>Section 11 – Creating a new Budget Control Level</b>

	This item transfers \$2,000,000 appropriation authority between two separate funds but within the same BCL. Appropriation authority was established via the 1st quarter supplemental (ordinance #124492) for the Golf Master Plan Implementation project in the Cumulative Reserve Subfund - Unrestricted Account (CRS-U. The original plan was to issue bonds in 2015 to repay CRS-U with those proceeds. The current plan is to shift the appropriation authority to the 2015 Bond Fund and provide any needed funding in 2014 from an interfund loan and then issue bonds in 2015 to repay the interfund loan. This transaction doesn't change the overall scope of the project or the projects appropriation amount. The change is only to the funding source.	
<b>Section 13- Appropriation Transfers between Funds</b>

Honorable Tim Burgess  
President  
Seattle City Council  
City Hall, 2<sup>nd</sup> Floor

Dear Council President Burgess,

I am transmitting the attached proposed Council Bill, which amends the 2014 Adopted Budget and the 2014-2019 Capital Improvement Program. The legislation includes adjustments to several department budgets based on requests that were submitted to the City Budget Office during the fourth quarter of this year.

Some highlights in the request include: \$132,000 for tenant relocation assistance to low-income residents displaced by construction and renovation projects; \$250,000 in awards for local micro-projects along the Duwamish River to advance the environmental quality of the area and the public health of the people living near the river; \$65,000 to engage a consultant to assist the Office of Housing with the Housing Affordability and Livability agenda; and \$148,000 to develop a performance metrics website that includes dashboards and department goals for public viewing. This website will include navigable performance measures from a variety of City departments and is the first step in creating a larger performance measurement program for the City of Seattle. Additional resources are also requested for the Sumer Youth Employment program and to expand the Youth Engaged in Service (YES) program through the end of 2014.

In addition this Bill authorizes grant funding from various granting agencies. These grants provide the necessary resources to carry out a number of important City tasks including better preparation and capabilities in responding to emergency events. The acceptance of these grants was transmitted to Council in a separate companion Bill.

The attached legislation provides an opportunity for the City Council to review and approve several adjustments to the 2014 Adopted Budget in a single ordinance. Thank you for your consideration of this legislation. Should you have any questions, please contact Tyler Running Deer at 233-7065.

Sincerely,

A handwritten signature in black ink, appearing to read "Edward B. Murray".

Mayor of Seattle
