

# Victor Steinbrueck Park Levy Project

**CITY COUNCIL PARKS, SEATTLE CENTER,  
LIBRARIES AND GENDER EQUITY  
COMMITTEE**

**TUESDAY, DECEMBER 2, 2014**

## Victor Steinbrueck Park Levy Project

- 2008 Parks and Green Spaces Levy ordinance required Council approval before Steinbrueck Park project could proceed
- Public safety measures were anticipated that the Council thought might eliminate the need for the Levy project
- The safety measures were the removal of the Automated Public Toilet (APT), additional policing and the potential for surveillance cameras

## Victor Steinbrueck Park Levy Project

- The APT was removed and the cameras never installed due to privacy concerns
- Parks and the police believe the Levy project, which will focus on public safety, is needed
- The proposed Resolution gives the Council's OK for the public planning process to proceed for the Steinbrueck Park Levy project
