Property Right Transactions
due to
Sewer Relocation at
1620 Lake Washington Blvd

2012 view prior to Property Owners' Construction Project.
New structure would extend over SPU's sewer main.

Transaction Details

Six-foot wide Sewer Easements from 1930 were relinquished.

Five-foot wide Access Easements and 12-foot wide Sewer Easement were acquired.

New sewer line built east of property owners' new structures. Construction was completed February 6, 2014. Old sewer line abandoned in place and given to property owners.

Consent granted for existing structures in new easement areas.
