CITY OF SEATTLE
ORDINANCE 124727
COUNCIL BILL 118 335

AN ORDINANCE granting Eco District LLC permission to construct, maintain, and operate below-grade utility lines for a site specific heat conveyance system under and along Virginia Street between 5th Avenue and 6th Avenue, and under and across 6th Avenue between Virginia Street and Lenora Street; for a ten-year term, renewable for two successive ten-year terms; specifying the conditions under which this permit is granted and providing for the acceptance of the permit and conditions.

WHEREAS, Eco District LLC (Eco District) has applied for permission to construct below-grade utilities including lines for a site specific heat conveyance system, including facilities for conveying non-potable water and communications, for new Acorn Development LLC (Acorn) building(s); and

WHEREAS, the below-grade utility lines will be used for utilities that include a site specific heat conveyance system that will capture heat energy from the Westin Building Exchange at 2001 6th Avenue and will transfer that heat energy to the Acorn building(s) as a heating and cooling source; and

WHEREAS, the Seattle City Council conceptually approved utility tunnels containing the site-specific, below-grade heat conveyance system for the Acorn building(s) under Resolution No. 31544. Although the Resolution refers to utility tunnels, only utility lines will be installed in the right-of-way; and

WHEREAS, Eco District acknowledges that the utility lines and site specific, below-grade heat conveyance system will not be utilized to provide utility services to third parties (other

1 than Acorn building(s), the Westin Building Exchange and Eco District LLC) under the
2 permissions granted under this ordinance; and

3 WHEREAS, adopting this ordinance is the culmination of the approval process for the utility
4 lines that contain a site specific, below-grade heat conveyance system to legally occupy a
5 portion of the public right-of-way, NOW, THEREFORE,

6
7 **BE IT ORDAINED BY THE CITY OF SEATTLE AS FOLLOWS:**

8 Section 1. **Permission.** Subject to the terms and conditions of this ordinance, the City of
9 Seattle (City) grants permission (also referred to in this ordinance as a permit) to Eco District
10 LLC (Eco District), and its successors and assigns as approved by the Director of the Seattle
11 Department of Transportation (Director) according to Section 14 of this ordinance (the party
12 named above and each such approved successor and assign is referred to as the Permittee), to
13 construct, maintain, and operate below-grade utility lines that contain a site specific heat
14 conveyance system limited to the Acorn Development LLC (Acorn) development, including site
15 specific facilities for conveying non-potable water, communications, and all related
16 appurtenances (Utility Lines), under and along Virginia Street between 5th Avenue and 6th
17 Avenue, and under and across 6th Avenue between Virginia Street and Lenora Street, adjacent in
18 whole or in part to the property legally described as:

19 Lots 11 and 12 (less portion for street), Block 15 of Addition to town of
20 Seattle, as laid off by Heirs of Sarah A. Bell, deceased (commonly known as
21 Heirs of Sarah A. Bell's Addition to the City of Seattle), as per plat recorded in
22 Volume I of plats, page 103, records of King County, Washington; and
23

1 Lots 1, 2 & 3 (less portion for street), Block 15 of Addition to town of
2 Seattle, as laid off by Heirs of Sarah A. Bell, deceased (commonly known as
3 Heirs of Sarah A. Bell's Addition to the City of Seattle), as per plat recorded in
4 Volume I of plats, page 103, records of King County, Washington.

5
6 The Utility Lines are for the purpose of providing distribution and connection for a
7 heating and cooling system and other private utility systems limited to the buildings on Block 14,
8 Block 19, and Block 20 (Acorn campus). If at any time after the adoption of this ordinance, the
9 Utility Lines, heating and cooling system, or other private utility systems authorized by this
10 ordinance are proposed to be connected to properties other than the properties legally described
11 above or other than the Acorn campus, or to buildings that have a different ownership than the
12 buildings on the Acorn campus, by Acorn Development LLC or Eco District, or a permit
13 transferee subject to Section 14 of this ordinance, a new amended ordinance shall be required
14 and subject to approval by City Council.

15 Section 2. **Term.** The permission granted to Permittee is for a term of ten years starting
16 on the effective date of this ordinance and ending at 11:59 p.m. on the last day of the tenth year.
17 Upon written application made by the Permittee at least 180 days before expiration of the term,
18 the Director or the City Council may renew the permit twice, each time for a successive ten-year
19 term, subject to the right of the City to require the removal of the Utility Lines or to revise by
20 ordinance any of the terms and conditions of the permission granted by this ordinance. The total
21 term of the permission, including renewals, shall not exceed 30 years. The Permittee shall submit
22 any application for a new permission no later than 180 days prior to the expiration of the then-
23 existing term.

1 Section 3. **Protection of utilities.** The permission granted is subject to the Permittee
2 bearing the expense of any protection, support, or relocation of existing utilities deemed
3 necessary by the owners of the utilities, and the Permittee being responsible for any damage to
4 the utilities due to the construction, repair, reconstruction, maintenance, operation, or removal of
5 the Utility Lines and for any consequential damages that may result from any damage to utilities
6 or interruption in service caused by the construction, repair, reconstruction, maintenance,
7 operation, or removal of the Utility Lines.

8 Section 4. **Removal for public use or for cause.** The permission granted is subject to use
9 of the street right-of-way or other public place (collectively the public place) by the City and the
10 public for travel, utility purposes, or other public uses or benefits. The City expressly reserves
11 the right to deny renewal, or terminate the permission at any time prior to expiration of the initial
12 term or any renewal term, and require the Permittee to remove the Utility Lines, or any part
13 thereof or installation on the public place, at the Permittee's sole cost and expense if:

14 (a) The City Council determines by ordinance that the space occupied by the Utility
15 Lines are necessary for any public use or benefit or that the Utility Lines interfere with any
16 public use or benefit; or

17 (b) The Director determines that use of the Utility Lines has been abandoned; or

18 (c) The Director determines that any term or condition of this ordinance has been
19 violated, and the violation has not been corrected by the Permittee by the compliance date after a
20 written request by the City to correct the violation (unless a notice to correct is not required due
21 to an immediate threat to the health or safety of the public).

1 A City Council determination that the space is needed for, or the Utility Lines interfere with, a
2 public use or benefit is conclusive and final without any right of the Permittee to resort to the
3 courts to adjudicate the matter.

4 **Section 5. Permittee's obligation to remove and restore.** If the permission granted is
5 not renewed at the expiration of a term, or if the permission expires without an application for a
6 new permission being granted, or if the City terminates the permission; then within 90 days or a
7 reasonable time period as determined by the Director, or whichever is longer; after the expiration
8 or termination of the permission, or prior to any earlier date stated in an ordinance, or in an order
9 requiring removal of the Utility Lines; the Permittee shall at its own expense remove the Utility
10 Lines and all of the Permittee's equipment and property from the public place and replace and
11 restore all portions of the public place that may have been disturbed for any part of the Utility
12 Lines in as good condition for public use as existed prior to construction of the Utility Lines and
13 in at least as good condition in all respects as the abutting portions of the public place as required
14 by SDOT right-of-way restoration standards.

15 Failure to remove the Utility Lines as required by this section is a violation of Chapter
16 15.90 of the Seattle Municipal Code (SMC) or successor provision; however, applicability of
17 Chapter 15.90 does not eliminate any remedies available to the City under this ordinance or any
18 other authority. If the Permittee does not timely fulfill its obligations under this section, the City
19 may in its sole discretion remove the Utility Lines and restore the public place at the Permittee's
20 expense, and collect such expense in any manner provided by law.

21 Upon the Permittee's completion of removal and restoration in accordance with this
22 section, or upon the City's completion of the removal and restoration and the Permittee's
23 payment to the City for the City's removal and restoration costs, the Director shall then issue a

1 certification that the Permittee has fulfilled its removal and restoration obligations under this
2 ordinance. Upon prior notice to the Permittee and entry of written findings that it is in the public
3 interest, the Director may in the Director's sole discretion, conditionally or absolutely excuse the
4 Permittee from compliance with all or any of the Permittee's obligations under this section.

5 Section 6. **Repair or reconstruction.** The Utility Lines shall remain the exclusive
6 responsibility of the Permittee and the Permittee shall maintain the Utility Lines in good and safe
7 condition for the protection of the public, including other below-grade facilities. The Permittee
8 shall not reconstruct or repair the Utility Lines including but not limited to the addition or
9 replacement of utilities in the Utility Lines, except in strict accordance with plans and
10 specifications approved by the Director, in consultation with other City Departments. The
11 Director may, in the Director's judgment, order the Utility Lines reconstructed or repaired at the
12 Permittee's cost and expense because of: the deterioration or unsafe condition of the Utility
13 Lines; the installation, construction, reconstruction, maintenance, operation, or repair of any
14 municipally-owned public utilities; or for any other cause.

15 Section 7. **Failure to correct unsafe condition.** After written notice to the Permittee and
16 failure of the Permittee to correct an unsafe condition within the time stated in the notice, the
17 Director may order the Utility Lines be closed or removed at the Permittee's expense if the
18 Director deems that the Utility Lines have become unsafe or have created a risk of injury to the
19 public. If there is an immediate threat to the health or safety of the public, a notice to correct is
20 not required.

21 Section 8. **Continuing obligations.** Notwithstanding termination or expiration of the
22 permission granted, or closure or removal of the Utility Lines, the Permittee shall remain bound
23 by all of its obligations under this ordinance until the Director has issued a certification that the

1 Permittee has fulfilled its removal and restoration obligations under Section 5 of this ordinance.

2 The Permittee shall continue to be bound by the obligations in Section 9 of this ordinance and
3 shall remain liable for any unpaid fees assessed under Section 17 of this ordinance until the
4 Permittee has fulfilled its obligations under Section 5 of this ordinance.

5 **Section 9. Release, hold harmless, indemnification, and duty to defend.** The
6 Permittee, by accepting the terms of this ordinance, releases the City, its officials, officers,
7 employees, and agents from any and all claims, actions, suits, liability, loss, costs, expense,
8 attorneys' fees, or damages of every kind and description arising out of or by reason of the
9 Utility Lines or this ordinance, including but not limited to claims resulting from injury, damage,
10 or loss to the Permittee or the Permittee's property.

11 The Permittee agrees to at all times defend, indemnify, and hold harmless the City, its
12 officials, officers, employees, and agents from and against all claims, actions, suits, liability,
13 loss, costs, expense, attorneys' fees, or damages of every kind and description, excepting only
14 damages that may result from the sole negligence of the City that may accrue to, be asserted by,
15 or be suffered by any person or property including, without limitation, damage, death, or injury
16 to members of the public or to the Permittee's officers, agents, employees, contractors, invitees,
17 tenants, tenants' invitees, licensees, or successors and assigns, arising out of or by reason of:

18 (a) The existence, condition, construction, reconstruction, modification, maintenance,
19 operation, use, or removal of the Utility Lines or any portion thereof, or the use, occupation, or
20 restoration of the public place or any portion thereof by the Permittee or any other person or
21 entity;

22 (b) Anything that has been done or may at any time be done by the Permittee by
23 reason of this ordinance; or

1 (c) The Permittee failing or refusing to strictly comply with every provision of this
2 ordinance.

3 If any suit, action, or claim of the nature described above is filed, instituted, or begun
4 against the City, the Permittee shall upon notice from the City defend the City, with counsel
5 acceptable to the City, at the sole cost and expense of the Permittee, and if a judgment is
6 rendered against the City in any suit or action, the Permittee shall fully satisfy the judgment
7 within 90 days after the action or suit has been finally determined, if determined adversely to the
8 City. If it is determined by a court of competent jurisdiction that Revised Code of Washington
9 (RCW) 4.24.115 applies to this ordinance; and if the claims or damages are caused by or result
10 from the concurrent negligence of the City, its agents, contractors, or employees, and the
11 Permittee, its agents, contractors, or employees; this indemnity provision shall be valid and
12 enforceable only to the extent of the negligence of the Permittee or the Permittee's agents,
13 contractors, or employees.

14 Section 10. **Insurance.** For as long as the Permittee exercises any permission granted by
15 this ordinance and until the Director has issued a certification that the Permittee has fulfilled its
16 removal and restoration obligations under Section 5 of this ordinance, the Permittee shall obtain
17 and maintain in full force and effect, at its own expense, insurance and/or self-insurance that
18 protects the Permittee and the City from claims and risks of loss from perils that can be insured
19 against under commercial general liability (CGL) insurance policies in conjunction with:

20 (a) Construction, reconstruction, modification, operation, maintenance, use,
21 existence, or removal of the Utility Lines or any portion thereof, as well as restoration of any
22 disturbed areas of the public place in connection with removal of the Utility Lines;

1 (b) The Permittee's activity upon or the use or occupation of the public place
2 described in Section 1 of this ordinance; and

3 (c) Claims and risks in connection with activities performed by the Permittee by
4 virtue of the permission granted by this ordinance.

5 Minimum insurance requirements are CGL insurance written on an occurrence form at
6 least as broad as the Insurance Services Office (ISO) CG 00 01. The City requires insurance
7 coverage to be placed with an insurer admitted and licensed to conduct business in Washington
8 State or with a surplus lines carrier pursuant to RCW Chapter 48.15. If coverage is placed with
9 any other insurer or is partially or wholly self-insured, such insurer(s) or self-insurance is subject
10 to approval by the City's Risk Manager.

11 Minimum limits of liability shall be \$2,000,000 per Occurrence; \$4,000,000 General
12 Aggregate; \$2,000,000 Products/Completed Operations Aggregate, including Premises
13 Operation; Personal/Advertising Injury; and Contractual Liability. Coverage shall include the
14 "City of Seattle, its officers, officials, employees and agents" as additional insureds for primary
15 and non-contributory limits of liability subject to a Separation of Insureds clause.

16 Within 60 days after the effective date of this ordinance, the Permittee shall provide to
17 the City, or cause to be provided, certification of insurance coverage including an actual copy of
18 the blanket or designated additional insured policy provision per the ISO CG 20 12 endorsement
19 or equivalent. The insurance coverage certification shall be delivered or sent to the Director or to
20 the Seattle Department of Transportation (SDOT) at an address as the Director may specify in
21 writing from time to time. The Permittee shall provide a certified complete copy of the insurance
22 policy to the City promptly upon request.

1 If the Permittee is self-insured, a letter of certification from the Corporate Risk Manager
2 may be submitted in lieu of the insurance coverage certification required by this ordinance, if
3 approved in writing by the City's Risk Manager. The letter of certification must provide all
4 information required by the City's Risk Manager and document to the satisfaction of the City's
5 Risk Manager that self-insurance equivalent to the insurance requirements of this ordinance is in
6 force. After a self-insurance certification is approved, the City may from time to time
7 subsequently require updated or additional information. The approved self-insured Permittee
8 must provide 30 days' prior notice of any cancellation or material adverse financial condition of
9 its self-insurance program. The City may at any time revoke approval of self-insurance and
10 require the Permittee to obtain and maintain insurance as specified in this ordinance.

11 If the Permittee assigns or transfers the permission granted by this ordinance, the
12 Permittee shall maintain in effect the insurance required under this section until the Director has
13 approved the assignment or transfer pursuant to Section 14 of this ordinance.

14 Section 11. **Contractor insurance.** The Permittee shall contractually require that any
15 and all of its contractors performing work on any premises contemplated by this permit name the
16 "City of Seattle, its officers, officials, employees and agents" as additional insureds for primary
17 and non-contributory limits of liability on all CGL, Automobile and Pollution liability insurance
18 and/or self-insurance.

19 Section 12. **Performance bond.** Within 60 days after the effective date of this ordinance,
20 the Permittee shall deliver to the Director for filing with the City Clerk a sufficient bond
21 executed by a surety company authorized and qualified to do business in the State of Washington
22 that is in the amount of \$206,000, and conditioned with a requirement that the Permittee shall
23 comply with every provision of this ordinance and with every order the Director issues under this

1 ordinance. The Permittee shall ensure that the bond remains in effect until the Director has issued
2 a certification that the Permittee has fulfilled its removal and restoration obligations under
3 Section 5 of this ordinance. An irrevocable letter of credit approved by the Director in
4 consultation with the City Attorney's Office may be substituted for the bond. If the Permittee
5 assigns or transfers the permission granted by this ordinance, the Permittee shall maintain in
6 effect the bond or letter of credit required under this section until the Director has approved the
7 assignment or transfer pursuant to Section 14 of this ordinance.

8 **Section 13. Adjustment of insurance and bond requirements.** The Director may adjust
9 minimum liability insurance levels and surety bond requirements during the term of this
10 permission. If the Director determines that an adjustment is necessary to fully protect the
11 interests of the City, the Director shall notify the Permittee of the new requirements in writing.
12 The Permittee shall, within 60 days of the date of the notice, provide proof of the adjusted
13 insurance and surety bond levels to the Director.

14 **Section 14. Consent for and conditions of assignment or transfer.** The permission
15 granted by this ordinance shall not be assignable or transferable by operation of law; nor shall the
16 Permittee transfer, assign, mortgage, pledge or encumber the same without the Director's
17 consent. If the Director approves an assignment or transfer of the permission granted by this
18 ordinance to a successor entity, the successor or assignee shall accept in writing all of the terms
19 and conditions of the permission granted by this ordinance, including the payment of fees set
20 forth in Section 17 of this ordinance; shall provide, at the time of the acceptance, the bond and
21 certification of insurance coverage required under this ordinance; and any fees due and payable
22 under Section 17 of this ordinance shall be paid current prior to the assignment or transfer taking
23 effect. Upon the Director's approval of an assignment or transfer, the rights and obligations

1 conferred on the Permittee by this ordinance shall be conferred on the successors and assigns
2 from and after the effective date of such assignment or transfer. Upon assignment or transfer, the
3 Permittee shall be released from all obligations conferred on the Permittee by this ordinance that
4 arise after the assignment or transfer. The release shall have no effect on the Permittee's
5 obligations conferred by this ordinance during the period the Permittee was subject to this
6 ordinance. Any person or entity seeking approval for an assignment or transfer of the permission
7 granted by this ordinance shall provide the Director with a description of the current and
8 anticipated use of the Utility Lines.

9 Section 15. **Inspection fees.** The Permittee shall, as provided by SMC Chapter 15.76 or
10 its successor provision, pay the City the amounts charged by the City to inspect the Utility Lines
11 during construction, reconstruction, repair, annual safety inspections, and at other times deemed
12 necessary by the City. An inspection or approval of the Utility Lines by the City shall not be
13 construed as a representation, warranty, or assurance to the Permittee or any other person as to the
14 safety, soundness, or condition of the Utility Lines. Any failure by the City to require correction of
15 any defect or condition shall not in any way limit the responsibility or liability of the Permittee.

16 Section 16. **Inspection reports.** The Permittee shall submit to the Director, or to SDOT
17 at an address specified by the Director, an inspection report that:

18 (a) Describes any damages or possible repairs, beyond routine maintenance, to any
19 element of the Utility Lines; and

20 (b) Prioritizes all repairs and establishes a timeframe for making repairs.

21 A report meeting the foregoing requirements shall be submitted within 10 days after the
22 Permittee becomes aware of any failure or operating problem in the Utility Lines. If, however,
23 there is indication that a failure in the Utility Lines poses a threat to the public place, the

1 Permittee shall notify the Director immediately after the threat is known to the Permittee. All
2 reconstructions or repairs shall be reviewed by the Director as provided for in Section 6. If a
3 natural disaster or other event may have damaged the Utility Lines, the Director may require that
4 additional reports be submitted by a date established by the Director. The Permittee has the duty
5 of inspecting and maintaining the Utility Lines. The responsibility to submit structural inspection
6 reports periodically or as required by the Director does not waive or alter any of the Permittee's
7 other obligations under this ordinance. The receipt of any reports by the Director shall not create
8 any duties on the part of the Director. Any failure by the Director to require a report, or to
9 require action after receipt of any report, shall not waive or limit the obligations of the Permittee
10 under this ordinance.

11 Section 17. **Annual fee.** Beginning on the effective date of this ordinance, and annually
12 thereafter, the Permittee shall promptly pay to the City, upon statements or invoices issued by the
13 Director, an annual fee of \$12,247.20, or as adjusted annually thereafter, for the privileges
14 granted by this ordinance.

15 Adjustments to the annual fee shall be made in accordance with a term permit fee
16 schedule adopted by the City Council and may be made every year. In the absence of a schedule,
17 the Director may only increase or decrease the previous year's fee to reflect any inflationary
18 changes so as to charge the fee in constant dollar terms. This adjustment will be calculated by
19 adjusting the previous year's fee by the percentage change between the two most recent year-end
20 values available for the Consumer Price Index for the Seattle-Tacoma-Bremerton Area, All
21 Urban Consumers, All Products, Not Seasonally Adjusted. All payments shall be made to the
22 City Finance Director for credit to the Transportation Operating Fund.

1 Section 18. **Compliance with other laws.** Permittee shall construct, maintain and operate
2 the Utility Lines in compliance with all applicable federal, state, County and City laws and
3 regulations. Without limitation, in all matters pertaining to the Utility Lines, the Permittee shall
4 comply with the City's laws prohibiting discrimination in employment and contracting including
5 the Seattle Fair Employment Practices Ordinance, SMC Chapter 14.04, and Fair Contracting
6 Practices code, SMC Chapter 14.10 (or successor provisions).

7 Section 19. **Acceptance of terms and conditions.** The Permittee shall deliver to the
8 Director its written, signed acceptance of the terms of this ordinance within 60 days after the
9 effective date of this ordinance. The Director shall file the written acceptance with the City
10 Clerk. If no such acceptance is received within that 60-day period, the privileges conferred by
11 this ordinance shall be deemed declined or abandoned and the permission granted deemed lapsed
12 and forfeited. The Permittee shall not commence construction of the Utility Lines prior to the
13 Permittee delivering its written signed acceptance of the terms of this ordinance and providing
14 the bond and certification of insurance coverage required by this ordinance as well as the
15 covenant agreement required by Section 20 of this ordinance.

16 Section 20. **Obligations run with the Property.** The obligations and conditions
17 imposed on the Permittee by and through this ordinance are covenants that run with the land and
18 bind subsequent owners of the property adjacent to the Utility Lines and legally described in
19 Section 1 of this ordinance (Property), regardless of whether the Director has approved
20 assignment or transfer of the permission granted herein to such subsequent owner(s). At the
21 request of the Director, Permittee shall provide to the Director a current title report showing the
22 identity of all owner(s) of the Property and all encumbrances on the Property. The Permittee
23 shall, within 60 days of the effective date of this ordinance, and prior to conveying any interest in

1 the Property, deliver to the Director upon a form to be supplied by the Director, a covenant
2 agreement imposing the obligations and conditions set forth in this ordinance, signed and
3 acknowledged by the Permittee and any other owner(s) of the Property and recorded with the
4 King County Recorder's Office. The Director shall file the recorded covenant agreement with the
5 City Clerk. The covenant agreement shall reference this ordinance by its ordinance or Council
6 Bill number. At the request of the Director, the Permittee shall cause encumbrances on the
7 Property to be subordinated to the covenant agreement.

8 Section 21. **Section titles.** Section titles are for convenient reference only and do not
9 modify or limit the text of a section.

Section 22. This ordinance shall take effect and be in force 30 days after its approval by the Mayor, but if not approved and returned by the Mayor within ten days after presentation, it shall take effect as provided by Seattle Municipal Code Section 1.04.020.

Passed by the City Council the 2nd day of March, 2015, and signed by me in open session in authentication of its passage this 2nd day of March, 2015.

President _____ of the City Council

BILL SUMMARY & FISCAL NOTE

Department:	Contact Person/Phone:	Executive Contact/Phone:
Seattle Department of Transportation	Angela Steel/684-5967	Aaron Blumenthal/233-2656

1. BILL SUMMARY

Legislation Title:

AN ORDINANCE granting Eco District LLC permission to construct, maintain, and operate below-grade utility lines for a site specific heat conveyance system under and along Virginia Street between 5th Avenue and 6th Avenue, and under and across 6th Avenue between Virginia Street and Lenora Street; for a ten-year term, renewable for two successive ten-year terms; specifying the conditions under which this permit is granted and providing for the acceptance of the permit and conditions.

Summary and background of the Legislation:

This legislation grants Eco District LLC ("Eco District") permission to construct, maintain, and operate below-grade utilities including utility lines for a site specific heat conveyance system, including facilities for conveying non-potable water and communications, under and along Virginia Street between 5th Avenue and 6th Avenue, and under and across 6th Avenue between Virginia Street and Lenora Street, for new Acorn Development LLC ("Acorn") buildings. An area map is attached for reference.

The utility lines will be used for utilities that include a site specific heat conveyance system that will capture heat energy from the Westin Building Exchange at 2001 6th Avenue and will transfer that heat energy as a heating and cooling source exclusively for the Acorn buildings.

This permit is for a ten-year term, renewable for two successive ten-year terms. The legislation has an insurance provision as recommended by the City's Risk Manager, specifies the conditions under which authorization is granted, and provides for acceptance of the permit and conditions. The ordinance requires Acorn to pay the City an annual fee of \$12,247.20 commencing on the effective date of this ordinance. Adjustments to the annual fee may be made every year and if so made shall be calculated in accordance with a term permit fee schedule adopted by the City Council by Ordinance 123485. An Annual Fee Assessment Summary is attached for reference.

The Seattle City Council conceptually approved utility tunnels containing the site specific, below-grade heat conveyance system for the Acorn building(s) under Resolution No. 31544. Although the Resolution refers to utility tunnels, only utility lines will be installed in the right of way.

2. CAPITAL IMPROVEMENT PROGRAM

 This legislation creates, funds, or amends a CIP Project.

Project Name: Project I.D.: Project Location: Start Date: End Date: Total Cost:

Position Notes:

4. OTHER IMPLICATIONS

- Does the legislation have indirect or long-term financial impacts to the City of Seattle that are not reflected in the above?
No.
- Is there financial cost or other impacts of not implementing the legislation?
If the legislation is not enacted by the City Council, the City of Seattle will not receive the annual fee of \$12,247.20. As previously stated, the City of Seattle has the option to adjust the fee amount on an annual basis.
- Does this legislation affect any departments besides the originating department?
No.
- Is a public hearing required for this legislation?
No.

- e) **Is publication of notice with *The Daily Journal of Commerce* and/or *The Seattle Times* required for this legislation?**

No.

- f) **Does this legislation affect a piece of property?**

Yes, Westin Building Exchange at 2001 6th Avenue and the abutting Acorn Buildings, which properties are legally described in Section 1 of the Council Bill.

- g) **Please describe any perceived implication for the principles of the Race and Social Justice Initiative. Does this legislation impact vulnerable or historically disadvantaged communities?**

There are no perceived implications for the principles of the Race and Social Justice Initiative. This legislation does not impact vulnerable or historically disadvantaged communities.

- h) **If this legislation includes a new initiative or a major programmatic expansion: What are the long-term and measurable goals of the program? Please describe how this legislation would help achieve the program's desired goals.**

Attachment A – Eco District LLC Area Map

Map is for informational purposes only and is not intended to modify or supplement the legal description(s) in the Ordinance.

Attachment B - Annual Fee Assessment Summary

Date: 1/9/15

Summary:
Land Value: \$700/SF
2015 Permit Fee:
\$12,247.20

I. Property Description:

Below-grade utility lines for a specific heat conveyance system and other utilities under and along Virginia Street between 5th Avenue and 6th Avenue, and under and across 6th Avenue between Virginia Street and Lenora Street. The area is **729 square feet**.

Applicant:

Eco District LLC

Abutting Parcels, Property Size, Assessed Value:

1. Parcel 0659000950; Lot size: 12,960 square feet
Tax year 2015 Appraised Land Value \$9,072,000
2. Parcel 0660000890; Lot size: 19,440 square feet
Tax year 2015 Appraised Land Value \$13,608,000
3. Parcel 0660000475; Lot size: 71,888 square feet
Tax year 2015 Appraised Land Value \$50,180,900
4. Parcel 0660000775; Lot size: 38,880 square feet
Tax year 2015 Appraised Land Value \$27,216,000

Average Tax Assessed Land Value: \$700/SF

II. Annual Fee Assessment:

The 2015 permit fee is calculated as follows:

$(\$700/\text{SF}) \times (729 \text{ SF}) \times (30\%) \times (8\%) = \$8,305.25$ where 30% is the degree of alienation for a below-grade utility line and 8% is the annual rate of return.

Fee methodology authorized under Ordinance 123485, as amended by Ordinances 123585, 123907, and 124532.
