CITY OF SEATTLE
ORDINANCE 124858
COUNCIL BILL 118491

AN ORDINANCE authorizing the acceptance of the grant of an easement for public access over and across a portion of the property commonly known as (old) Fire Station Seven, located at 402 15th Avenue East, in exchange for the City's extinguishment of certain deed restrictions encumbering title to Fire Station Seven; and ratifying and confirming certain prior acts.

WHEREAS, in 1986 The City of Seattle ("City") determined that Fire Station Seven, one of the City's early fire stations, the construction of which dates back to 1920, was surplus to the City's needs; and

WHEREAS, given its Tudoresque style and extensive detailing, Fire Station Seven was considered architecturally significant and deemed worthy of historic preservation; and

WHEREAS, the City identified the Capitol Hill Housing Improvement Program ("CHHIP") as the appropriate entity to steward Fire Station Seven's historic preservation; and

WHEREAS, on May 28, 1987, pursuant to a special warranty deed ("First Special Warranty Deed"), the City conveyed to CHHIP its right, title, and interest in Fire Station Seven; and

WHEREAS, on June 2, 1987, pursuant to a second special warranty deed ("Second Special Warranty Deed"), CHHIP in turn conveyed its right, title, and interest in Fire Station Seven to Fire Station Seven Associates, a Washington nonprofit mutual benefit corporation ("FS7A") comprised of CHHIP, the Country Doctor, and Environmental Works, the latter two entities being Washington nonprofit corporations; and

1 WHEREAS, both the First Special Warranty Deed and the Second Special Warranty Deed set
2 forth a series of ten City-related deed restrictions, the intent of which was to provide for
3 the historic preservation of, and public access to, Fire Station Seven; and

4 WHEREAS, nearly 30 years after it acquired title to Fire Station Seven, FS7A wants to redeem
5 the membership interest of both CHHIP and the Country Doctor. FS7A anticipates that
6 CHHIP will use its share of the redemption proceeds in furtherance of CHHIP's mission
7 of providing safe and affordable housing to low- and moderate-income individuals and
8 families in Capitol Hill and other Seattle area neighborhoods; and

9 WHEREAS, FS7A intends to finance the redemptions with the proceeds from a loan secured in
10 part by a deed of trust encumbering title to Fire Station Seven; and

11 WHEREAS, as a condition of granting the loan, FS7A's lender requires that two of the ten deed
12 restrictions be extinguished, pertaining to (a) prohibition of subsequent reconveyances,
13 and (b) automatic reversion of Fire Station Seven back to the City if it were damaged by
14 fire or casualty and its reconstruction was not practicable. In addition, FS7A has asked
15 that five other deed restrictions be extinguished, because they have either expired or
16 become an administrative burden; and

17 WHEREAS, it appears that the removal of the seven deed restrictions will not compromise the
18 historic preservation of Fire Station Seven and the City does not object to their removal,
19 so long as the City receives adequate consideration; and

20 WHEREAS, to meet the need for additional open space within the Capitol Hill Urban Center
21 Village, within which Fire Station Seven is situated, the City wishes to secure an
22 easement from FS7A for public access across that part of Fire Station Seven currently
23 utilized as parking; and

1 WHEREAS, as consideration for the City's extinguishment of the seven deed restrictions and to
2 aid the City in meeting the need for additional open space within the Capitol Hill Urban
3 Center Village, FS7A wishes to grant to the City an easement for public access over and
4 across the westerly 18 feet of the property on which Fire Station Seven is situated; and

5 WHEREAS, the series of contemplated transactions has multiple constructive impacts:

6 modernization of the terms of a historic preservation deed; creation of additional open
7 space in the Capitol Hill Urban Center Village; and indirect funding of additional safe
8 and affordable housing; NOW, THEREFORE,

9 **BE IT ORDAINED BY THE CITY OF SEATTLE AS FOLLOWS:**

10 Section 1. The Director of Finance and Administrative Services or the Director's
11 designee is authorized to accept the grant of an easement for public access the westerly eighteen
12 feet of the property on which Fire Station Seven is situated ("Easement"). The form of such
13 easement will be substantially the same as that attached hereto as Exhibit A.

14 Section 2. The Director of Finance and Administrative Services or the Director's
15 designee is authorized to execute an instrument that will serve to amend and restate the
16 restrictions first set forth in the First Special Warranty Deed so as to extinguish seven deed
17 restrictions as reflected on a form substantially the same as that attached hereto as Exhibit B.

18 Section 3. The real property conveyed by the Easement is placed under the jurisdiction
19 of the Department of Finance and Administrative Services.

20 Section 4. Any act consistent with the authority of this ordinance taken after its passage
21 and prior to its effective date is ratified and confirmed.

Section 5. This ordinance shall take effect and be in force 30 days after its approval by the Mayor, but if not approved and returned by the Mayor within ten days after presentation, it shall take effect as provided by Seattle Municipal Code Section 1.04.020.

Passed by the City Council the 14th day of September, 2015, and signed by me in open session in authentication of its passage this 14th day of September, 2015.

President _____ of the City Council

Approved by me this 18th day of September, 2015.

Such restrictions pertain to (a) prohibition of subsequent reconveyances, and (b) automatic reversion of the Property back to the City if Fire Station Seven is damaged by fire or casualty and its reconstruction is not practicable. In addition, FS7A has asked that five other deed restrictions also be extinguished, either because they have expired or have become an administrative burden.
- E. As is appears that the removal of the seven deed restrictions will not compromise the historic preservation of Fire Station Seven, the City does not object to their removal so long as it receives adequate consideration.

- F. At the same time and in furtherance of meeting the need for parks and open space, the City wishes to secure an easement for public access across that part of the Property which is currently utilized as parking.
- G. As consideration for the City's extinguishment of the seven deed restrictions and to aid the City in meeting the need for parks and open space, FS7A wishes to grant to the City an easement for public access across the Property's westerly eighteen feet.

LOT 8 IN BLOCK 17 OF LAW’S ADDITION TO SEATTLE, AS PER PLAT RECORDED IN VOLUME 1 OF PLATS. PAGE 51, RECORDS OF KING COUNTY AUDITOR; SITUATE IN THE COUNTY OF KING, WASHINGTON (hereinafter, the “Property”).

- B. On June 2, 1987, pursuant to that certain special warranty deed recorded under King County recording number 198706020990 (hereinafter, the “Second Special Warranty Deed”) and apparently pursuant to the formation of FS7A and its initial funding, Capitol Hill Housing Improvement Program conveyed to FS7A its right, title and interest (again subject to certain express covenants, each as set forth in the Second Special Warranty Deed) in the Property.
- C. The intent of the express covenants as set forth in both the First Special Warranty Deed and Second Special Warranty Deed was to provide for the preservation of an historic building on the Property - Fire Station Seven, the construction of which dates back to 1920.
- D. Now, in order to address the concerns of its lender – a lender which is requiring the Property as collateral, FS7A wishes to have two of the express covenants extinguished. Such express covenants pertain to (a) prohibition of subsequent reconveyances, and (b) automatic reversion of

the Property back to the City if Fire Station Seven is damaged by fire or casualty and its reconstruction is not practicable. In addition, FS7A has asked that five other express covenants also be extinguished, either because they have expired or have become an administrative burden.

- E. As it appears that the extinguishment of the seven express covenants will not compromise the historic preservation of Fire Station Seven, the City does not object to their extinguishment so long as it receives adequate consideration. Consideration to the City for agreeing to the extinguishment of the seven express covenants will be in the form of a separate easement for public access, FS7A as grantor, City as grantee, to be recorded concurrently with these Agreement.
- F. To accomplish the extinguishment of the seven express covenants, and to extinguish an additional, eighth (now expired) covenant with the Second Special Warranty Deed, the parties are entering into this set of Amended and Restated Covenants (the "Agreement").
- G. In paragraph 1 and 2 of this Agreement, where a textual passage in the applicable special warranty deed either deleted or amended, deleted language will be shown by a ~~strikeout~~, and new language will be shown by a double underline.

AGREEMENT

NOW, THEREFORE, in consideration of these promises, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, it is agreed that the statements set forth in the recitals above are true and correct and are incorporated herein and made a part hereof, and that the parties hereto agree as follows:

1. Amending and Restating the Express Covenants

- a. **Within the First Special Warranty Deed.** Pursuant to City of Seattle ordinance number _____, the first through tenth express covenants and conditions subsequent as set forth in the First Special Warranty Deed are amended and restated as follows:

“AND the Grantor further covenants that it will execute such further assurance thereof as may be requisite: Provided, however, that this Deed is made and executed upon and is subject to certain express covenants and conditions subsequent, said covenants and conditions subsequent being the consideration for the property hereby conveyed and are to be taken and construed as running with the land and upon the continued observance of which and each of which, the continued existence of the estate hereby binds itself and its successors, assigns, grantees, and lessees forever to these covenants and conditions subsequent, which covenants and conditions subsequent are as follows:

FIRST: The building and site improvements shall not be altered in exterior appearance or from their original exterior configuration without the prior written consent of the Seattle City Council by ordinance;

SECOND: The building and site improvements shall be maintained in good and sound state of repair. Grantee will not commit or permit waste (i.e., abuse, unreasonable or improper use, and/or deterioration other than normal wear and tear) of the building or site improvements;

THIRD: Grantee, and its successors or assigns, shall maintain, repair, repaint and refinish the building as necessary to comply with the SECOND condition herein; provided, that such maintenance, repair, repainting and refinishing is performed in a manner consistent with the FIRST condition herein and will not substantially alter the appearance of the property;

~~“FOURTH: With prior written consent of Grantee (which shall not be unreasonably withheld), Grantor shall have the right to enter the property during weekday business hours for the purpose of making inspections of the property to determine if there is compliance by Grantee with the terms of this Deed;~~

~~FIFTH: For a period of not less than twenty (20) years, not less than fifty percent (50%) of the building shall be used to provide direct or indirect services to low income persons residing in the The City of Seattle, which services shall generally be provided not less than a total of forty (40) hours per week;~~

~~SIXTH: For a period of not less than twenty (20) years, Grantee, and its successors and assigns, shall make a portion of the first floor of the building on the property, as shown on the attached floor plan, which plan is incorporated herein by this reference, available free of charge to the general public for the purpose of conducting public meetings and forums not less than twelve (12) times each year;~~

~~SEVENTH: The Grantee and its successors and assigns shall have no power to reconvey the property hereby conveyed or any part thereof before the Director of Administrative Services or the head of a successor agency following has received a written appraisal of the property to be reconveyed prepared by a certified member of the American Institute of Real Estate Appraisers of the National Association of Realtors and evidence that each such reconveyance will be at full and fair market value; and said City official has approved such appraisal and evidence, by letter filed with the proposed reconveyance and the City Clerk; provided, that any such reconveyance also must be consistent with applicable constitutional and legal requirements and must fully protect the Grantor's revisionary interest in the property conveyed herein;~~

~~EIGHTH: The Grantee shall pay real estate taxes and assessments on the property hereby conveyed, or any part thereof, when due and shall place thereon no mortgage, lien or other encumbrance without the prior written consent of the City's Director of Administrative Services, or the head of any successor agency;~~

~~NINTH: If the building located on the site conveyed hereby is damaged by fire or other casualty and it is not practicable to reconstruct the building in its historic condition, then the property herein conveyed shall automatically revert to the Grantor. If it is not practicable to reconstruct the exterior of the building to its historic appearance, or its appearance as modified consistent with the FIRST condition herein, then the Grantee shall immediately prepare plans and specifications for such restoration and rehabilitation and submit such plans to the The City of Seattle for approval (which shall not be deemed "consent", as that term is used and affected by time limits herein). Restoration and rehabilitation shall commence within one hundred and eighty (180) days and be completed within eighteen (18) months, each after the date of City approval of plans for such rehabilitation and restoration work.~~

~~TENTH: The Grantee shall annually, on January 2, submit to the Director of Administrative Services, or the head of any successor agency, certification that it has complied with all covenants and conditions subsequent herein.~~

Failure to comply with any one or more the covenants and conditions subsequent herein within sixty (60) days after written notice from Grantor to do so shall constitute a breach and Grantor, its successors or assigns, may enter, take possession of the property, and terminate the estate herein conveyed whereupon fee simple title to the property shall revert fully and completely in Grantor, its successors or assigns; provided, that any such reversion of title to Grantor shall not render ineffective or unenforceable the lien of any valid real estate mortgage or other security instrument entered into with prior written consent of Grantor.

In any event where notice or request for consent is required hereunder, such notice or request shall be deemed given when hand delivered or deposited in the United States mail, postage prepaid, certified mail, return receipt requested, addressed to the party entitled thereto at the following address:

1. BILL SUMMARY

Legislation Title: AN ORDINANCE authorizing the acceptance of the grant of an easement for public access over and across a portion of the property commonly known as (old) Fire Station Seven, located at 402 15th Avenue East, in exchange for the City’s extinguishment of certain deed restrictions encumbering title to Fire Station Seven; and ratifying and confirming certain prior acts.

Summary and background of the Legislation: Fire Station Seven Associates, a Washington nonprofit mutual corporation (“**FS7A**”), owns the City’s old Fire Station Seven, an architecturally significant, Tudoresque-style firehouse that was constructed in 1920, and is located at 402 15th Avenue East.

FS7A acquired Fire Station Seven in 1987 pursuant to a pair of special warranty deeds, each of which imposed a series of ten restrictions related to the preservation of the historic firehouse. The first such special warranty deed conveyed title from the City to FS7A’s predecessor-in-interest, Capitol Hill Housing Improvement Program, pursuant to Seattle City Council Ordinance 113140.

Now, nearly thirty years after it acquired title to Fire Station Seven, FS7A wants to redeem the membership interest of two of its three members – Capitol Hill Housing Improvement Program and the County Doctor (Environmental Works, a nonprofit community design center, is FS7A’s third member). The redemption will be financed with proceeds from a loan secured by a deed of trust on the underlying property. To overcome lender objections to two of the ten deed restrictions, and eliminate the administrative burden associated with certain other deed restrictions, FS7A has asked the City to extinguish seven of the ten deed restrictions.

FAS has agreed to extinguish the seven deed restrictions as the remaining three deed restrictions will be sufficient to preserve Fire Station Seven’s historic structure, provided the City receives adequate consideration in return. Consideration to the City will be an easement for public access across the westerly part of the underlying property. FS7A will replace the property’s existing off-street parking and with park-like improvements. The improved area will be made available for public use. While small – just over 600 square feet – the creation of this additional open space in the densely populated Capitol Hill neighborhood agrees with the City’s open space goals.

FS7A’s payment of the redemption proceeds will provide its exiting members with funds for their organizational goals. In the case of the Capitol Hill Housing Improvement Program, funds

from the redemption of its membership interest can be put to work in the development of additional safe and affordable housing.

Benefits of the transactions authorized by this legislation include: modernization of the terms of a historic preservation deed, creation of additional open space in the Capitol Hill Urban Center Village, and the funding – albeit indirectly, additional safe and affordable housing.
