CITY OF SEATTLE

ORDINANCE

125233

COUNCIL BILL

118854

AN ORDINANCE relating to land use and zoning, expressing City Council's intent for implementation of Chapter 23.58B; amending Sections 23.41.012, 23.58B.010, 23.58B.015, 23.58B.020, 23.58B.025, 23.58B.030, 23.58B.040, 23.58B.050, 23.58B.060, 23.76.006, and 25.05.675 of the Seattle Municipal Code; and repealing Section 23.58B.035 of the Seattle Municipal Code.

WHEREAS, in August 2015, the Mayor transmitted legislation to provide a framework for mandatory housing affordability for commercial development (MHA-C) and City Council passed Ordinance 124895 on November 9, 2015; and

WHEREAS, the City Council passed Ordinance 125108 to provide a framework for mandatory housing affordability for residential development (MHA-R) on August 15, 2016; and

WHEREAS, this bill provides consistency with Ordinance 125108 approving the MHA-R framework, ensures clear regulatory requirements and implements best practices for the administration of mandatory affordable housing programs, and includes technical corrections;

WHEREAS, the Council recognizes the need to reinforce local neighborhood and cultural identity by preserving locally owned business at risk of displacement by new commercial development and intends to explore regulatory incentives, such as those recommended in the *Seattle Commercial Affordability Advisory Committee Recommendations Report*, which include providing incentives for developers to provide lower rents or tenant improvements to qualifying small businesses; additionally the Council may consider other development standards, based on area characteristics, such as requirements for smaller commercial spaces to encourage business diversity and lower market rents;

1 NOW, THEREFORE,

2 **BE IT ORDAINED BY THE CITY OF SEATTLE AS FOLLOWS:**

3 Section 1. The Council expresses the following intent as to implementation of Seattle
4 Municipal Code Chapter 23.58B:

5 A. Initial implementation. The Council intends that the initial implementation phase of
6 Seattle Municipal Code Chapter 23.58B will consist of:

7 1. An increase in commercial development capacity for all zones in the
8 Downtown and South Lake Union Urban Centers except Downtown Harborfront 1/45 (DH1/45),
9 Downtown Harborfront 2/55 (DH2/55), Downtown Harborfront 2/85 (DH2/85), International
10 District Mixed-65-150 (IDM-65-150), International District Mixed 75-85 (IDM 75-85), Pike
11 Market Mixed-85 (PMM-85), Pioneer Square Mixed (PSM), Seattle Mixed-South Lake Union
12 85/65-160 (SM-SLU 85/65-160), Seattle Mixed-South Lake Union 85-240 (SM-SLU 85-240),
13 and Commercial 2-40 (C2-40) zones to be enacted no later than 2016;

14 2. Zone-wide increases in commercial development capacity in all Neighborhood
15 Commercial (NC), Commercial (C), Seattle Mixed (SM), and Industrial Commercial (IC) zones
16 outside the Downtown and South Lake Union Urban Centers to be enacted no later than 2017;
17 and

18 3. Increases in development capacity through rezones of any portions of the
19 University District that are upzoned in accordance with the University District urban design
20 framework process.

21 B. Amendment of payment and performance amounts

22 1. Initial implementation phase review. The Council recognizes that amendments
23 to the payment and performance amounts provided in Chapter 23.58B may be needed during the

1 initial implementation phase described in subsection A of this section to further the target
2 production level of no fewer than 6,000 net new rent and income restricted units affordable for
3 households with incomes no higher than 60 percent of median income over a ten-year period
4 described in the July 13, 2015 *Statement of Intent for Basic Framework for Mandatory*
5 *Inclusionary Housing and Commercial Linkage Fee*. Such amendments could include changes to
6 the payment and performance amounts in Table A and Table B for 23.58B.040 and Table A and
7 Table B for 23.58B.050, and adding amounts for additional zones or portions of zones in
8 connection with rezones of specific subareas such as portions of the University District. The
9 Council intends that amendments during the initial implementation phase be preceded by a
10 robust stakeholder engagement process including representatives of the for-profit and non-profit
11 development sectors who participated in the July 13, 2015 *Statement of Intent for Basic*
12 *Framework for Mandatory Inclusionary Housing and Commercial Linkage Fee*. The Council
13 intends to consider whether to include higher performance and payment amounts, subject to
14 statutory limits, for those areas where the increase in development capacity would be likely to
15 increase displacement risk. Factors to consider are (a) areas that have been identified in *Seattle*
16 *2035, Growth and Equity, Analyzing Impacts on Displacement and Opportunity Related to*
17 *Seattle's Growth Strategy*, May 2016, as having a high displacement risk; (b) areas where the
18 increment of increased development capacity is greater than the standard MHA-implementing
19 zone change; and (c) areas where planning processes, including, but not limited to, the SEPA
20 process for MHA-C implementation have identified affordable units at risk of demolition, the
21 Council will consider whether to implement additional or alternate MHA program measures to
22 increase affordable units sufficient to offset the affordable units at risk of demolition as a result
23 of the increase in development capacity due to MHA.

1 2. Ongoing review. The Council directs that, during the first six months of 2018
2 and every two years after July 1, 2018, the Director of the Seattle Department of Construction
3 and Inspections (SDCI) and the Director of Housing shall report on the performance of the
4 mandatory inclusionary housing program described in the July 13, 2015 *Statement of Intent for*
5 *Basic Framework for Mandatory Inclusionary Housing and Commercial Linkage Fee*, and the
6 impact mitigation program provided in Chapter 23.58B, including the amount of payments
7 collected under the payment option, the number of affordable units produced and preserved with
8 such payments, and the number of affordable units constructed under the performance option.
9 The July 1, 2018 report shall compare changes in the Consumer Price Index, All Urban
10 Consumers, Seattle-Tacoma-Bremerton, WA, All Items (1982-1984 = 100), with changes in
11 multifamily residential rents and other housing market variables used to determine initial
12 payment amounts since passage of Ordinance 124895. If the Consumer Price Index has lagged or
13 exceeded rents or other housing market variables, the Director of Housing shall propose an
14 alternative measure or index upon which to base changes in program requirements. The July 1,
15 2019 report should include an assessment of past and anticipated program performance,
16 including an assessment of whether a developer building outside of the Downtown and South
17 Lake Union Urban Centers would be economically indifferent between performance and
18 payment given market conditions at that time. If the Council determines that developers of
19 projects, other than smaller projects and projects inside of the Downtown and South Lake Union
20 Urban Centers, favor the payment option, the Council will consider raising payment amounts to
21 avoid a bias towards payment, consistent with statutory authority. Units produced under the
22 mandatory inclusionary housing program described in the July 13, 2015 *Statement of Intent for*
23 *Basic Framework for Mandatory Inclusionary Housing and Commercial Linkage Fee*, and the

1 impact mitigation program provided in Chapter 23.58B, shall be measured as net new units.

2 Existing rent and income restricted units demolished for development subject to the programs
3 shall be subtracted from the target production.

4 3. Post-initial implementation phase review. Except as provided in subsection B.4
5 of this section, the Council intends that, after the completion of the initial implementation phase
6 described in subsection A of this section, amendments to the payment and performance amounts
7 in Tables A and B for 23.58B.040 and Tables A and B for 23.58B.050 shall be consistent with
8 the following provisions:

9 a. Amendments may be considered if:

10 1) After November 17, 2020, there is a failure to meet expectations
11 for program performance;

12 2) There are significant positive or negative changes in real estate
13 development market conditions; or

14 3) Neither of the preceding criteria is met and ten years have
15 elapsed since the completion of the initial implementation phase described in section A of this
16 section.

17 b. If amendments are considered in accordance with a criterion in
18 subsection B.3.a of this section, the Mayor and Council shall appoint a Technical Review
19 Committee whose membership includes appropriate stakeholder representation, including
20 representatives of the for-profit and non-profit development sectors and members of community-
21 based groups, and shall provide the Committee with clear objectives to be accomplished by a
22 revision of the payment and performance amounts in Chapter 23.58B.

1 c. If appointed, the Technical Review Committee shall prepare a report
2 and recommendation regarding amendments to the payment and performance amounts in Table
3 A and Table B for 23.58B.040 and Table A and Table B for 23.58B.050. The Mayor shall
4 consider the Technical Review Committee's report and recommendations and shall transmit
5 them to the Council along with any recommendation by the Mayor for amendments.

6 4. Amendments concurrent with increased capacity. In conjunction with any
7 increase in commercial development capacity other than those identified in section A of this
8 section, the Council will apply Chapter 23.58B to the zones or areas in which capacity is
9 increased and may amend Table A and Table B for 23.58B.040 and Table A and Table B for
10 23.58B.050 for those zones or areas in which capacity is increased.

11 C. Process for modifications of development standards

12 1. The Council intends that, at the time reference to Chapter 23.58B is made in the
13 provisions of a zone, Land Use Code changes will be adopted providing a process by which the
14 Director would be authorized to modify certain dimensional development standards to ensure
15 that, in most cases, utilization of the increased commercial development capacity is not
16 prohibited by development standards.

17 2. To enable development of such Land Use Code changes, the Director shall
18 report on which development standards, if any, might be appropriate for modification in
19 particular zones and the extent to which modifications might be allowed from particular
20 standards.

21 3. The Council intends that any development standard modification process will
22 also provide for a reduction of the payment and/or performance amounts in a limited number of
23 cases where a portion of the increased development capacity cannot be used because of a

development standard from which a modification is not available or is not granted, and not because of decisions of the applicant.

Section 2. Section 23.41.012 of the Seattle Municipal Code, last amended by Ordinance 125163, is amended as follows:

23.41.012 Development standard departures

a. Departures may, however, be granted under the following circumstances:

1) The character structure is neither a designated Seattle ~~((landmark))~~ Landmark nor listed in a rule promulgated by the Director according to Section 23.73.005; and

2) The departure is for demolishing a wood-frame character structure originally built as a single-family residence or single-family accessory structure; or

a) The structure lacks a high degree of architectural integrity as evidenced by extensive irreversible exterior remodeling; or

b) The structure does not represent the Pike/Pine neighborhood's building typology that is characterized by the use of exterior materials and design elements such as masonry, brick, and timber; multi-use loft spaces; very high and ~~((fully-glazed-ground-floor))~~ fully-glazed ground-floor storefront windows; and decorative details including cornices, emblems, and embossed building names; or

c) Demolishing the character structure would allow for more substantial retention of other, more significant character structures on the lot, such as a structure listed in a rule promulgated by the Director according to Section 23.73.005; or would allow for other key neighborhood development objectives to be achieved, such as improving

1 pedestrian circulation by providing through-block connections, developing arts and cultural
2 facilities, or siting (~~(publically)~~) publicly-accessible open space at key neighborhood locations.

3 b. In addition to the provisions of subsection 23.41.012.B.32.a, the
4 following provisions apply:

5 1) At least one character structure shall be retained on the lot if:
6 subsection 23.73.009.C.3 regarding the FAR exemption for residential uses, subsection
7 23.73.010.B.2 regarding increases in the floor area limits, subsection 23.73.012.B regarding the
8 exception from width and depth measurements, or subsection 23.73.014.B regarding the
9 exception allowing for an additional 10 feet in height are being used by the development
10 proposal.

11 2) No character structures are required to be retained on the lot if:
12 subsection 23.73.009.B regarding the exception to allow additional FAR for non-residential uses,
13 subsection 23.73.010.B.1 regarding increases in the floor area limits, or Section 23.73.024 for the
14 use of TDP on a lot that is an eligible TDP receiving site under the provisions of subsection
15 23.73.024.B are the only provisions being used by the development proposal(~~(-)~~);

16 34. In pedestrian-designated zones, provisions for residential uses at street level,
17 as provided in subsection 23.47A.005.C.1, except that a departure may be granted to allow
18 residential uses at street level to occupy, in the aggregate, no more than 50 percent of the street-
19 level street-facing facade;

20 35. In pedestrian-designated zones, provisions for transparency requirements, as
21 provided in subsection 23.47A.008.B, except that departures may be granted to reduce the
22 required transparency from 60 percent to no less than 40 percent of the street-facing facade;
23 (~~(and)~~)

36. In pedestrian-designated zones, provisions for height requirements for floor-to-floor height, as provided in subsection 23.47A.008.B, except that departures to allow a mezzanine with less than the minimum floor-to-floor height may be granted provided that the outer edge of the mezzanine floor is at least 15 feet from the exterior wall facing a principal pedestrian street((-)); and

37. The provisions of Chapter 23.58B and Chapter 23.58C.

19 ~~framework process.~~

20 ~~B. Amendment of payment and performance amounts~~

21 ~~1. Initial implementation phase review. The Council recognizes that amendments~~
22 ~~to the payment and performance amounts provided in this Chapter 23.58B may be needed during~~
23 ~~the initial implementation phase described in subsection 23.58B.010.A.2 to further the target~~

1 ~~production level of no fewer than 6,000 net new rent and income restricted affordable units for~~
2 ~~households with incomes no higher than 60 percent of median income over a ten-year period~~
3 ~~described in the July 13, 2015 Statement of Intent for Basic Framework for Mandatory~~
4 ~~Inclusionary Housing and Commercial Linkage Fee. Such amendments could include changes to~~
5 ~~the payment and performance amounts in Table A for 23.58B.040, Table B for 23.58B.040,~~
6 ~~Table A for 23.58B.050, and Table B for 23.58B.050, and adding amounts for additional zones~~
7 ~~or portions of zones in connection with rezones of specific subareas such as portions of the~~
8 ~~University District. The Council intends that amendments during the initial implementation~~
9 ~~phase be preceded by a robust stakeholder engagement process including representatives of the~~
10 ~~for-profit and non-profit development sectors who participated in the July 13, 2015 Statement of~~
11 ~~Intent for Basic Framework for Mandatory Inclusionary Housing and Commercial Linkage Fee.~~

12 2. Ongoing review. The Council directs that, during the first six months of 2018
13 and every two years after July 1, 2018, the Director prepare a report on the performance of the
14 mandatory inclusionary housing program described in the July 13, 2015 Statement of Intent for
15 Basic Framework for Mandatory Inclusionary Housing and Commercial Linkage Fee, and the
16 affordable housing impact mitigation program provided in this Chapter 23.58B, including the
17 amount of payments collected under the payment option, the number of affordable housing units
18 produced and preserved with such payments, and the number of affordable housing units
19 constructed under the performance option. Units produced under the mandatory inclusionary
20 housing program described in the July 13, 2015 Statement of Intent for Basic Framework for
21 Mandatory Inclusionary Housing and Commercial Linkage Fee, and the affordable housing
22 impact mitigation program provided in this Chapter 23.58B, shall be measured as net new units.

Existing rent and income restricted affordable units demolished for development subject to the programs are subtracted from the target production.

3. Post initial implementation phase review. Except as provided in subsection 23.58B.010.B.4, the Council intends that, after the completion of the initial implementation phase described in subsection 23.58B.010.A.2, amendments to the payment and performance amounts in Tables A and B for 23.58B.040 and Tables A and B for 23.58B.050 shall be consistent with the following provisions:

a. Amendments may be considered if:

1) After five years from the effective date of the ordinance introduced as Council Bill 118498, there is a failure to meet expectations for program performance;

2) There are significant positive or negative changes in real estate development market conditions; or

3) Neither of the preceding criteria is met and ten years have elapsed since the completion of the initial implementation phase described in subsection 23.58B.010.A.2.

b. If amendments are considered in accordance with a criterion in subsection 23.58B.010.B.3.a, the Mayor and Council shall appoint a Technical Review Committee whose membership includes appropriate stakeholder representation, including representatives of the for-profit and non-profit development sectors and members of community-based groups, and shall provide the Committee with clear objectives to be accomplished by a revision of the payment and performance amounts in this Chapter 23.58B.

1 e. If appointed, the Technical Review Committee shall prepare a report
2 and recommendation regarding amendments to the payment and performance amounts in Table
3 A for 23.58B.040, Table B for 23.58B.040, Table A for 23.58B.050, and Table B for
4 23.58B.050. The Mayor shall consider the Technical Review Committee's report and
5 recommendations and shall transmit them to the Council along with any recommendation by the
6 Mayor for amendments.

7 4. Amendments concurrent with increased capacity. In conjunction with any
8 increase in commercial development capacity other than those identified in subsection
9 23.58B.010.A.2, the Council will apply Chapter 23.58B to the zones or areas in which capacity
10 is increased and may amend Table A for 23.58B.040, Table B for 23.58B.040, Table A for
11 23.58B.050, and Table B for 23.58B.050 for those zones or areas in which capacity is increased.

12 C. Process for modifications of development standards

13 1. The Council intends that, at the time reference to this Chapter 23.58B is made
14 in the provisions of a zone consistent with subsection 23.58B.010.A.1, Land Use Code changes
15 will be adopted providing a process by which the Director would be authorized to modify certain
16 dimensional development standards to ensure that, in most cases, utilization of the increased
17 commercial development capacity is not prohibited by development standards.

18 2. To enable development of such Land Use Code changes, the Director shall
19 report on which development standards, if any, might be appropriate for modification in
20 particular zones and the extent to which modifications might be allowed from particular
21 standards.

22 3. The Council intends that any development standard modification process will
23 also provide for a reduction of the payment and/or performance amounts in a limited number of

eases where a portion of the increased development capacity cannot be used because of a development standard from which a modification is not available or is not granted, and not because of decisions of the applicant.))

2. An applicant requesting a modification according to subsection 23.58B.030.C or subsection 23.58B.030.D shall have requested a modification according to subsection 23.58B.030.B, if applicable, and an applicant requesting a modification according to subsection 23.58B.030.D shall have requested a modification according to subsection 23.58B.030.C, if applicable. The Director shall evaluate modification requests in the following order: subsection 23.58B.030.B, subsection 23.58B.030.C, and subsection 23.58B.030.D.

3. The decision on any modification according to subsection 23.58B.030.B, subsection 23.58B.030.C, or subsection 23.58B.030.D shall specify a mitigation amount expressed as dollars per square foot according to subsection 23.58B.040.A for the payment option and/or percentage per square foot according to subsection 23.58B.050.A for the performance option that shall be applied based on the final plans for the development or, in the case of a modification according to subsection 23.58B.030.D, may be expressed as an absolute payment amount for the payment option or square footage amount for the performance option along with a limitation in the degree of change in the final plans that is permissible without a redetermination of the modification.

B. Modification in zones with height limits exceeding 85 feet. The Director shall modify the amount of mitigation if the development is in a zone with a height limit greater than 85 feet and the Director finds that applicable development standards prohibit the development from exceeding a height of 85 feet. 10 the development, including, for example, the unique characteristics and space utilization of the

12 ~~((affordable))~~ housing expressed in terms of the number of employees in households with
13 ~~((income))~~ incomes at or below 60 percent of median income, and the number of employees in
14 households with ~~((income))~~ incomes higher than 60 percent of median income but not higher
15 than 80 percent of median income, and such other factors the applicant believes justify a
16 modification.

18 ~~the amount of mitigation if the development is in a zone with a height limit greater than 85 feet~~
19 ~~and the Director finds that applicable development standards prohibit the development from~~
20 ~~exceeding a height of 85 feet. The reduced mitigation shall be the payment or performance~~
21 ~~required in accordance with Section 23.58B.040 or Section 23.58B.050 for the same zone~~
22 ~~classification as the zone in which the development is located that has a height limit of 85 feet, or~~

3 D. Financial hardship

4 1. The Director may modify the amount of mitigation required in accordance with
5 Section 23.58B.040 or Section 23.58B.050 if the amount of mitigation, after any modification to
6 which the applicant would be entitled in accordance with the standards of subsection
7 23.58B.030.B and subsection 23.58B.030.C, would cause a severe and unexpected financial
8 hardship that outweighs the affordable housing impacts.

9 2. The request for a modification authorized by subsection 23.58B.030.D.1 shall
10 include, at a minimum, all of the following:

- 11 a. The use of the site before the request;
- 12 b. How application of the requirements for which the modification is being
13 requested restricts the proposed use of the site compared to the restrictions that existed prior to
14 the adoption of this Chapter 23.58B;
- 15 c. The possible remaining uses of the site if the modification were not
16 granted;
- 17 d. The uses of the site that would have been allowed prior to the adoption
18 of this Chapter 23.58B;
- 19 e. An appraisal prepared by a competent appraiser with a valuation date
20 within thirty days of the modification request that (1) values the property taking into account the
21 requirements of this Chapter 23.58B as well as any increase in commercial development capacity
22 provided at the time reference to this Chapter 23.58B is made in the provisions of the zone in

1 ~~which the property is located or at the time of a contract rezone, and (2) values the property~~
2 ~~absent those requirements and absent any such increase in development capacity; and~~

3 ~~f. The feasibility of altering the project to apply the requirements of this~~
4 ~~Chapter 23.58B.~~

5 ~~3. The Director may grant a modification authorized by subsection~~
6 ~~23.58B.030.D.1 only after considering the following factors:~~

7 ~~a. The severity of the financial hardship caused by the mitigation and the~~
8 ~~degree to which the mitigation requirement could have been anticipated;~~

9 ~~b. The extent to which alternative designs and uses of the property would~~
10 ~~remedy any severe and unexpected financial hardship associated with the required mitigation;~~
11 ~~and~~

12 ~~e. The extent to which the qualities of the particular property, its zoning,~~
13 ~~and other factors are such that the required mitigation creates a unique burden that imposes a~~
14 ~~severe impact on the ability to utilize the property.~~

15 ~~4. The Director may grant a modification authorized by subsection~~
16 ~~23.58B.030.D.1 only to the extent necessary to provide relief from the identified financial~~
17 ~~hardship.~~

18 ~~5. When the Director grants a modification authorized by subsection~~
19 ~~23.58B.030.D.1, the Director may impose alternative requirements, implemented through a~~
20 ~~voluntary agreement, to offset or mitigate a portion of any remaining adverse impacts of the~~
21 ~~development on the need for affordable housing.))~~

22 D. Modification based on severe economic impact

1 1. The purpose of this subsection 23.58B.030.D is to allow the Director, as a
2 special exception according to Chapter 23.76, to modify the amount of payment according to
3 subsection 23.58B.040.A or the amount of performance according to subsection 23.58B.050.A if
4 the applicant can demonstrate facts supporting a determination of severe economic impact at
5 such a level that a property owner's constitutional rights may be at risk.

6 2. For purposes of this subsection 23.58B.030.D, the Director is not making a
7 determination of the constitutional rights of a property owner, but instead is reviewing the
8 credibility and strength of facts demonstrating severe economic impact.

9 3. The Director may waive or reduce the amount of payment required according
10 to subsection 23.58B.040.A or the amount of housing required to be provided according to
11 subsection 23.58B.050.A if the applicant shows that application of the requirements according to
12 this Chapter 23.58B would:

13 a. Create severe economic impact by depriving a property owner of all
14 economically beneficial use of the property; or

15 b. Create severe economic impact, not reaching deprivation of all
16 economically beneficial use, but reaching the level of an undue burden that should not be borne
17 by the property owner.

18 4. In determining whether there is a severe economic impact reaching the level of
19 an undue burden that should not be borne by the property owner, the Director may weigh the
20 following nonexclusive factors:

21 a. The severity of the economic impact caused by the application of the
22 requirements according to this Chapter 23.58B;

1 b. The degree to which the requirements according to this Chapter 23.58B
2 were or could have been anticipated;

3 c. The extent to which alternative uses of the property or configurations of
4 the proposed development would alleviate the need for the requested waiver or reduction;

5 d. The extent to which any economic impact was due to decisions by the
6 applicant and/or property owner; and

7 e. Other factors relevant to whether the burden should be borne by the
8 property owner.

9 5. The waiver or reduction may be approved only to the extent necessary to grant
10 relief from the severe economic impact.

11 6. A request to the Director for a modification according to this subsection
12 23.58B.030.D shall include, at a minimum, all of the following:

13 a. A description of the requested waiver or reduction, including the
14 proposed payment and/or performance amount;

15 b. Documentation showing that any relief available according to
16 subsection 23.58B.030.B or subsection 23.58B.030.C would not eliminate the need for the
17 requested waiver or reduction;

18 c. The identity of the property owner and the date of the owner's
19 acquisition of the property;

20 d. Documentation showing the use of the property at the time of the
21 request or, if the property is vacant at that time, the use of the property prior to commencement
22 of vacancy;

1 e. Documentation explaining and supporting the claim of economic
2 impact; and

3 f. Documentation showing that a different development configuration that
4 satisfied the requirements according to this Chapter 23.58B would not alleviate the need for the
5 requested waiver or reduction.

6 7. The applicant shall provide any additional information as may be required by
7 the Director to make a determination on the request. The applicant shall have the burden of
8 proving by a preponderance of the evidence that a waiver or reduction authorized according to
9 this subsection 23.58B.030.D is justified.

10 8. None of the following, standing alone and without consideration of the full
11 range of relevant factors including those according to subsection 23.58B.030.D.4, shall be a
12 sufficient basis for the Director to grant a waiver or reduction authorized according to this
13 subsection 23.58B.030.D:

14 a. The fact of a decrease in property value;

15 b. The fact that a property owner is unable to utilize the full amount of any
16 increase in non-residential development capacity enacted in connection with implementation of
17 this Chapter 23.58B in the zone in which the property is located; or

18 c. The fact that any such increase in non-residential development capacity,
19 combined with the requirements according to this Chapter 23.58B, did not leave the property
20 owner in a better financial position than would have been the case with no increase in non-
21 residential development capacity and no application of the requirements according to this
22 Chapter 23.58B.

1 9. In any appeal to the Hearing Examiner, the parties will have an additional
2 opportunity to make a record on the factual issues consistent with due process.

3 Section 8. Section 23.58B.035 of the Seattle Municipal Code, enacted by Ordinance
4 124895, is repealed:

5 **~~((23.58B.035 Documentation and timing~~**

6 ~~A. The documentation required by subsection 23.58B.035.B shall be provided prior to~~

9 ~~portion of the building permit that includes the structural frame for the entire building.~~

10 ~~B. Required documentation~~

14 23.58B.050.B.1.q, including but not limited to documentation of rents, copies of tenant

19 Certificate of ((occupancy)) Occupancy for the ~~((affordable))~~ MHA-C housing. The Director of
20 Housing is authorized to assess a late fee of \$50 per day, to accrue starting 14 days from the date
21 the Office of Housing notifies the owner of the MHA-C housing that the report is overdue, until
22 the report is submitted.

1 l. Limitation on charges. Fees charged to eligible households upon move-
2 in or transfer within a development containing MHA-C housing shall be limited to a reasonable
3 level to be established by the Director of Housing by rule. No tenant of a rental unit may be
4 charged fees for income verifications or reporting requirements related to this Chapter 23.58B.

5 m. Annual certification, third party verification

6 1) The owner of the MHA-C housing shall obtain from each
7 tenant, no less than annually, a certification of household size and annual income in a form
8 acceptable to the City. The owner shall examine the income of each tenant household according
9 to 24 CFR 5.609, with guidance from the HUD Occupancy Handbook 4350.3, Chapter 5. The
10 owner also shall examine the income and household size of any tenant at any time when there is
11 evidence that the tenant's written statement was not complete or accurate. If so requested by the
12 City, the owner shall obtain such certifications and/or examine incomes and household sizes at
13 any other times upon reasonable advance notice from the City. The owner shall maintain all
14 certifications and documentation obtained according to this subsection 23.58B.050.B.1.m on file
15 for at least six years after they are obtained, and shall make them available to the City for
16 inspection and copying promptly upon request.

17 2) The owner of the MHA-C housing shall attempt to obtain third
18 party verification whenever possible to substantiate income at each certification, which shall
19 include contacting the individual income source(s) supplied by the household. The verification
20 documents shall be supplied directly to the independent source by the owner and returned
21 directly to the owner from the independent source. In the event that the independent source does
22 not respond to the owner's faxed, mailed, or emailed request for information, the owner may
23 pursue oral third party verification. If written or oral third party documentation is not available,

1 the owner may accept original documents (pay stubs, W-2, etc.) at the discretion of the Director
2 of Housing and shall document why third party verification was not available. At the discretion
3 of the Director of Housing, the owner may accept tenant self-certifications after the initial
4 income verification and first annual recertification.

5 n. Annual fee. The owner of the MHA-C housing shall pay the Office of
6 Housing an annual fee of \$150 per unit of MHA-C housing for the purposes of monitoring
7 compliance with the requirements according to this Section 23.58B.050. On March 1, 2017, and
8 on the same day each year thereafter, the annual fee shall automatically adjust in proportion to
9 the annual change for the previous calendar year (January 1 through December 31) in the
10 Consumer Price Index, All Urban Consumers, Seattle-Tacoma-Bremerton, WA, All Items (1982-
11 84 = 100), as determined by the U.S. Department of Labor, Bureau of Labor Statistics or
12 successor index.

13 o. Over-income households; unit substitution. If, based on any
14 certification, a previously eligible household occupying a unit of MHA-C housing is determined
15 to be ineligible due to exceeding the income limits according to subsection 23.58B.050.B.1.f, the
16 owner of the development containing the MHA-C housing shall, through the process according
17 to subsection 23.58B.025.A.5, designate a comparable substitute unit of MHA-C housing within
18 the development, as approved by the Director of Housing, as soon as such a unit becomes
19 available, and upon such designation the requirements according to this subsection 23.58B.050.B
20 shall transfer to the substitute unit. All of the comparable rental units in the development that
21 contains the MHA-C housing shall be considered potential comparable substitute replacement
22 units. Upon such determination that a previously eligible household is ineligible, the owner shall
23 promptly give the ineligible household notice of such determination and notice that the

1 requirements according to this subsection 23.58B.050.B shall transfer to a substitute unit when
2 such unit becomes available. Upon the transfer of the requirements, the owner shall give the
3 ineligible household six months' notice prior to any rent increase.

4 p. Maintenance, insurance. MHA-C housing, and the development in
5 which the MHA-C housing is located, shall be maintained by the owner in decent and habitable
6 condition, including the provision of adequate basic appliances. The owner shall keep the MHA-
7 C housing, and the development in which the MHA-C housing is located, insured by an
8 insurance company licensed to do business in the state of Washington and reasonably acceptable
9 to the City, against loss by fire and other hazards included with broad form coverage, in the
10 amount of 100 percent of the replacement value.

11 q. Agreement. The City and the owner of the MHA-C housing shall enter
12 into an agreement specifying the requirements according to this Section 23.58B.050. The
13 agreement shall be recorded on the title of the property on which the MHA-C housing is located.
14 The requirements specified in the agreement shall be consistent with final plans for the MHA-C
15 housing.

16 r. Casualty

17 1) If a unit of MHA-C housing is destroyed or rendered unfit for
18 occupancy by casualty, the owner of the MHA-C housing shall, through the process according to
19 subsection 23.58B.025.A.5, designate a comparable substitute unit of MHA-C housing within the
20 development, as approved by the Director of Housing, as soon as such unit becomes available,
21 which the tenant household of the unit of MHA-C housing affected by casualty shall be allowed
22 to move into, and upon such designation the requirements according to subsection 23.58B.050.B
23 shall transfer to the substitute unit.

1 2) If any casualty loss results in the loss of the unit or units of
2 MHA-C housing for a period of one year or more, the duration according to subsection
3 23.58B.050.B.1.a shall be automatically extended beyond the original term hereof for a period
4 equal to the period of time for which the unit or units of MHA-C housing are not in service and
5 no comparable units of MHA-C housing have been provided and placed in service within the
6 development.

7 2. ~~((Off-site))~~ Additional performance standards. In addition to meeting the
8 standards in subsection 23.58B.050.B.1, ~~((affordable))~~ MHA-C housing ~~((provided through the~~
9 ~~performance option but not))~~ located on a site other than the same lot as the development
10 required to mitigate affordable housing impacts ~~((in accordance with))~~ according to this Chapter
11 23.58B shall meet the following additional standards:

12 a. Equal or better mitigation. The applicant shall demonstrate to the
13 satisfaction of the Director of Housing that affordable housing impact mitigation provided
14 through the performance option on a site other than the same lot as the development required to
15 mitigate affordable housing impacts ~~((in accordance with))~~ according to this Chapter 23.58B is
16 equal to ~~((that))~~ or better than mitigation provided ~~((by the on-site))~~ through performance
17 ~~((option))~~ on the same lot.

18 b. Location. ~~((Affordable))~~ MHA-C housing ~~((not located on the same lot~~
19 ~~as the))~~ provided on a site other than the same lot as the development required to mitigate
20 affordable housing impacts ~~((in accordance with))~~ according to this Chapter 23.58B shall be
21 located:

1 1) Within the same urban center or urban village ((if)) as the
2 development required to mitigate affordable housing impacts ((in accordance with)) according to
3 this Chapter 23.58B ((is located within an urban center or urban village)); or

4 2) Within one mile of the development required to mitigate
5 affordable housing impacts ((in accordance with)) according to this Chapter 23.58B if such
6 development is located outside of an urban center or urban village.

7 c. Developer's agreement. If the owner of the development required to
8 mitigate affordable housing impacts according to this Chapter 23.58B is not the owner of the
9 MHA-C housing, then in addition to the agreement required according to subsection
10 23.58B.050.B.1.q, the owner of the development required to mitigate affordable housing impacts
11 according to this Chapter 23.58B and the owner of the MHA-C housing shall execute a
12 developer's agreement, acceptable to the Director of Housing, allowing the exclusive use of the
13 MHA-C housing to satisfy the requirements according to this Chapter 23.58B in return for
14 necessary and adequate financial support to the development of that MHA-C housing.

15 d. Letter of credit

16 1) If the MHA-C housing is located on a site other than the same
17 lot as the development required to mitigate affordable housing impacts according to this Chapter
18 23.58B, the owner of the development required to mitigate affordable housing impacts according
19 to this Chapter 23.58B shall provide to the Director of Housing an irrevocable bank letter of
20 credit, approved by the Director of Housing, in the amount according to subsection
21 23.58B.040.A.

22 2) The Director of Housing may draw on the letter of credit one
23 year after the date of issuance of the Certificate of Occupancy for the development required to

mitigate affordable housing impacts according to this Chapter 23.58B if the Certificate of Occupancy for the MHA-C housing has not been issued on or before that date. The owner of the development required to mitigate affordable housing impacts according to this Chapter 23.58B shall also pay an amount equal to the interest on the cash contribution, at the rate equal to the prime rate quoted by Bank of America, or its successor, plus three percent per annum, from the date of issuance of the first building permit that includes the structural frame for the development required to mitigate affordable housing impacts according to this Chapter 23.58B.

3) If and when the City becomes entitled to draw on any letter of credit, the Director of Housing may take appropriate steps to do so, and the amounts realized, net of any costs to the City, shall be used in the same manner as cash contributions according to subsection 23.58B.040.B.

Section 13. Subsection 25.05.675.I of the Seattle Municipal Code, which section was last amended by Ordinance 124895, is amended as follows:

25.05.675 Specific environmental policies

* * *

I. Housing

1. Demolition, rehabilitation, or conversion

a. Policy background. Demolition or rehabilitation of low-rent housing units or conversion of housing for other uses can cause both displacement of low-income persons and reduction in the supply of housing.

b. Policies

1) It is the City's policy to encourage preservation of housing opportunities, especially for low-income persons, and to ensure that persons displaced by redevelopment are relocated.

2) Proponents of projects shall disclose the on-site and off-site impacts of the proposed projects upon existing housing, with particular attention to low-income housing.

3) Compliance with legally valid City ordinance provisions relating to housing relocation, demolition, and conversion shall constitute compliance with this housing policy.

4) Housing preservation shall be an important consideration in the development of the City's public projects and programs. The City shall give high priority to limiting demolition of low-income housing in the development of its own facilities.

2. Commercial development - Policy background

a. The housing goal of the Growth Management Act, Chapter 36.70A RCW, encourages the availability of housing to all economic segments of the population. In accordance with the Growth Management Act, the housing element of the City's Comprehensive Plan shall, among other things, make adequate provision for existing and projected needs of all economic segments of the community.

b. SEPA provides that each person has a fundamental and inalienable right to a healthful environment. Affordable housing is a critical component of a healthful environment.

c. Development of new commercial floor area is accompanied by employment growth, including lower-wage jobs. An increase in lower-wage jobs associated with new commercial floor area correlates with an increase in the need for affordable housing.

d. The impact correlated with commercial development on the need for affordable housing falls disproportionately on persons of certain incomes and certain races and ethnicities. The City has a strong interest in mitigating the impacts of development of new commercial floor area in creating a need for affordable housing, particularly to ensure housing for those households earning no higher than 60 percent of median income.

e. Because affordable housing is in short supply in the City and newly constructed housing is generally not affordable, lower-wage employees may be forced to live in less than adequate housing within the City, pay a disproportionate share of their incomes to live in adequate housing in the City, or commute ever increasing distances to their jobs from housing located outside the City when they are unable to locate adequate housing within the City.

f. It is the City's policy that all people have the right to safe, healthy, and affordable housing.

3. Commercial development - Policies

a. The following policies apply to ~~((the))~~ development ~~((of a new structure, or an addition to an existing structure,))~~ that is not categorically exempt and ~~((contains))~~ that includes more than 4,000 square feet of ~~((new chargeable))~~ gross floor area ~~((devoted to))~~ in commercial ~~((uses))~~ use, as defined in Section 23.84A.006, through construction of a new structure, construction of an addition, or change of use from residential use to commercial use, in areas for which the provisions of the zone specifically refer to Chapter 23.58B:

1) It is the City's policy to mitigate a portion of the affordable housing impacts of commercial development on low-income people, including people of color.

2) In determining the necessary affordable housing impact mitigation, the decision maker shall consider the need for affordable housing created by the development due to employment growth, including lower-wage jobs, associated with the development.

3) Mitigation measures may include, but are not limited to:

a) Production of affordable housing units on-site or off-site;
and

b) Payment to fund affordable housing.

4) Subject to the Overview Policy set forth in Section 25.05.665, the decision maker may condition or deny a commercial development project described in this subsection 25.05.675.I.3.a to mitigate adverse impacts on the need for affordable housing.

1 Compliance with Chapter 23.58B shall constitute compliance with the policies set forth in this
2 subsection 25.05.675.I.3.a.
