Exhibit A – Form of Second Amendment to the Cooperative Agreement

Exhibit A: Form of Second Amendment to the Cooperative Agreement

This Second Amendment to Cooperative Agreement is entered into between the Housing Authority of the City of Seattle (“SHA”), a public body corporate and politic under the laws of the State of Washington, and The City of Seattle (“City”), a Washington municipal corporation.

- A. SHA and City have entered into a Cooperative Agreement dated September 21, 2012, as amended by an Amendment executed on May 16, 2017 under City of Seattle Ordinance 125290 (“First Amendment”), pertaining to the redevelopment of Yesler Terrace (as so amended, the “Agreement”).
- B. The parties agree that the following subsections or paragraphs of the Agreement are amended by deleting the text struck out below and inserting the text underlined below.
- C. Except as expressly set forth below, the Agreement remains in full force and effect. References to the “date hereof” or similar language continue to refer to September 21, 2012.

1. DEFINITIONS

1.17 “Replacement Housing” means one or more of the first 561 housing units constructed or rehabilitated in the Yesler Terrace Redevelopment Area after the date hereof that (a) are restricted to occupancy solely by households in one or more of the following categories: Residents who must relocate due to demolition and construction; residents of other SHA public housing who must transfer, for example due to change in household size or reasonable accommodation, as long as such a transfer makes available a unit for households with incomes no higher 30% of median income; or households with incomes no higher than 30 percent of AMI at the time of initial occupancy of the household in the Replacement Housing unit, and (b) that satisfy the additional requirements for Replacement Housing in Article 3 below.

1.19 “Resident” means a person or household living in a public housing unit located within the MPC-YT zone at the time of execution of this Agreement.

3. HOUSING PRODUCTION PLAN

3.1.1 Replacement Housing Production

SHA shall produce or cause Nonprofit Housing Developers to produce 561 units of Replacement Housing. SHA shall allocate Federal Operating Subsidies for the Replacement Housing. Replacement Housing shall serve a broad spectrum of public housing eligible households. Monthly tenant housing costs for these units, including an allowance for rent and basic utilities, shall be those allowed under the US Housing Act and agreements between SHA and HUD and, for City-funded Replacement Housing, shall not exceed limits in agreements between SHA, or the housing owner, and OH. Replacement Housing will be occupied by or reserved for Residents who must relocate due to demolition and construction and who are eligible to return pursuant to the Relocation Plan, other public housing residents as provided in Section 1.17, or households with incomes no higher than 30 percent of AMI, at the time of initial occupancy of the

households, for a minimum of 50 years. If Federal Operating Subsidies are reduced, and the OH Director makes the determinations described in Section 3.6 below, the OH Director may adjust income limits and affordability levels for a portion of the Replacement Housing units to serve tenants with higher incomes, but not higher than 80% of AMI.

3.1.3 Replacement Housing Location

All 561 units of Replacement Housing shall be located within the Yesler Terrace Redevelopment Area. No more than ~~140~~ 190 of the Replacement Housing units shall be located east of Boren Avenue. SHA shall prioritize the inclusion of Seattle Preschool Program classrooms in Replacement Housing projects developed east of Boren Avenue, if the City provides the capital funding for such classrooms in these housing projects. To distribute the remaining Replacement Housing, a minimum of 50 Replacement Housing units shall be located in each of at least five of the eight blocks of the MPC-YT zone.

4. RELOCATION AND RIGHTS OF RESIDENTS

4.3 Right to Return

SHA shall grant to all Residents living in the MPC-YT zone at the time of execution of this Agreement who must relocate away from the Yesler Terrace Redevelopment Area due to redevelopment ~~and who indicate a preference to return to the Yesler Terrace Redevelopment Area~~ the right to return to live at Yesler Terrace when housing units become available, provided that the Resident has not been terminated from the Section 8 program in accordance with 24 CFR 982.552(b) (or successor regulations) or evicted from SHA housing for serious or repeated lease violations in accordance with 24 CFR 966.4 (or successor regulations). Residents with a right to return who have been evicted with a writ of restitution from private, unsubsidized housing will be provided an opportunity for a grievance hearing consistent with SHA's Manual of Operations, L12.9-1, as may be amended.

Residents with a right to return who indicate a preference to return ("Returning Residents") shall undergo income certification in order to place them in new Yesler Terrace housing and to establish their rent. Households with incomes up to 60% of AMI shall be offered Replacement Housing. Households with incomes above 60% of AMI shall be offered 80% of AMI Housing if they meet income eligibility requirements, or market rate housing within Yesler Terrace if household income is above 80% of AMI. Returning Residents will pay no more rent than would be required under the applicable Low Income Public Housing rent regulations and policies in place at the time of their return to Yesler Terrace.

Offers of housing to Returning Residents will be made during the initial lease-up of each new Replacement Housing building until all Replacement Housing units required by the Cooperative Agreement have been produced. Returning Residents will be given first priority during lease-up for units available for their household size. If there are not enough Replacement Housing units available to Returning Residents when the final Replacement Housing project has been fully leased, the remaining Returning Residents will receive priority on a waitlist to lease the next available Replacement Housing unit available for their household size, in accordance with a further amendment to the Relocation Plan and consistent with HUD's Choice Neighborhoods program requirements, to the extent applicable.

The commitment of any funds by the City is not final unless and until the Director of OH approves the terms of funding for a specific project ~~makes a determination to proceed with funding~~ after completion of NEPA environmental review under 24 CFR Part 58. The City shall not be obligated to release or provide any City funds for Phase II or III until SHA delivers a detailed funding application including cost estimates that is reviewed by the City and determined by the OH Director to be in accordance with City funding guidelines. OH may review the SHA funding application separate from the project selection processes established in the Levy Administrative and Financial Plan or Housing Funding Policies.

7. FUTURE CITY CONTRIBUTIONS

Future City contributions, if any, for development beyond Phase II may come from a variety of City funding sources. ~~If future Housing Levy dollars are spent on Yesler Terrace, these funds shall be awarded through the regular Housing Levy Notice of Funding Availability (NOFA) process.~~

9. P-PATCH COMMUNITY GARDENS, TREES, & LANDSCAPE AMENITIES

9.1 P-Patch Community Gardens – required area

At the time of the execution of this ~~a~~Agreement, the MPC-YT zone contains approximately 0.3 acres of land used for food cultivation, including both P-Patch Community Gardens and gardening in private yards. Before the end of redevelopment, SHA will provide, or cause to be provided, no less than 1 acre of P-Patch Community Gardens within the MPC-YT zone, Horiuchi Park, the right-of-way of South Main Street, ~~and/or~~ the right-of-way of 10th Ave S, and/or Washington State Department of Transportation (WSDOT) right-of-way between I-5 and Yesler Terrace. P-Patch Community Gardens located in rights-of-way are subject to approval by SDOT, and in Horiuchi Park or the Neighborhood Park they are subject to approval by Seattle Parks, and urban farming carried out in the WSDOT right-of-way is subject to a lease agreement between SHA and WSDOT. No more than 7,000 square feet of P-Patch Community Gardens and/or urban farming in the WSDOT right-of-way shall count toward the 1 acre of P-Patch Community Gardens. In the event WSDOT terminates the lease or use, SHA will find space within or adjacent to YT-MPC zone to replace the community gardening area.

To count toward the requirements of this Article 9, each space reserved for P-Patch Community Gardens must:

- meet physical requirements for sun, slope, terrain and water access, as determined by the Department of Neighborhoods (DON) P-Patch Community Gardening Program;
- be located on contiguous space large enough to accommodate growing space for at least 15 households in approximately 100 square foot plots;

- provide communal features like paths, tool sheds, composting, and gathering areas; and
- allow access by the general public.

By September 1, 2017, DON and SHA shall develop a Memorandum of Understanding (MOU), or similar agreement, that documents each agency's responsibilities in achieving the 1 acre of P-Patch Community Gardens at the redeveloped Yesler Terrace. This MOU will be based on a shared understanding of the importance of geographic dispersion of community gardens and early planning, and will identify a schedule for regular meetings between agency staff to review redevelopment progress and new opportunities for creating gardening acreage.
