Mayor Tim Burgess

September 21, 2017

Monica Martinez Simmons
Seattle City Clerk
600 4th Avenue, 3rd Floor
Seattle, WA 98124

Dear Ms. Martinez Simmons,

I support the content of Council Bill 119076 and voted for it as a member of the City Council on September 18, 2017. The City Attorney's Office has advised, to preserve the separation of the branches of City government, not to have a person that voted for the passage of a Bill as a Councilmember sign it as Mayor.

I am returning Council Bill 119076 without my signature, understanding that it will become law.

Sincerely,

Tim Burgess
Mayor of Seattle

LEGAL DESCRIPTION
BY DF 26 JUN 2008

That, upon the recording of this Revised Easement Agreement and the effective date of the City Ordinance accepting it, all right, title and interest of the Grantee in that reserved right to cross and recross the Easement Area stated in that certain quit claim deed under King County Recording Number 3618953 is hereby released and relinquished by Grantee, its successors and assigns.

Subject to the following terms and conditions:

1. Grantee will not place or permit any buildings, structures or other improvements or store any materials or equipment within the Easement Area except those facilities or improvements that are in the plans approved by the Seattle Department of Planning and Development (“DPD”) under Project #MUP3004624 (“Plans”), which Grantee will be responsible for constructing and maintaining at its sole cost and expense. In accordance with the Plans, Grantee shall be allowed to pave and stripe the Easement Area for drive lanes and pedestrian access. No parking shall occur within the Easement Area.
2. Grantee will comply with any applicable state or local rules regarding pole support and protection and trenching around poles during any construction, improvement or maintenance within the Easement Area. Seattle City Light reserves the right to request a licensed engineer’s drawing or plan for pole support and protection prior to any construction or maintenance within the Easement Area that may involve activities such as excavation, grading, filling or trenching. Grantee will cooperate with Seattle City Light to ensure that the installation and maintenance of the curbing and bollard improvements by Grantee around City utility poles within the Easement Area meets the approved Plans and requirements of this Agreement.
3. In the event City requires removal or relocation of any approved facilities or improvements (other than paving) for municipal utility purposes, Grantee will promptly remove or relocate them at its sole cost and expense upon written notice from SCL. Grantee will submit proposed plans for the relocated facilities within the Easement Area for approval by the City.
4. Grantee, its agents, employees or invitees shall not at any time interfere with the City’s access to and use of its property except as otherwise provided for herein. In the event of an emergency (such as an unanticipated downed power line), Seattle City Light may temporarily suspend access across the easement area, but only as long as necessary to address the emergency. To the extent reasonably practicable, Seattle City Light will endeavor to minimize the impact to Grantee’s use of the full Easement Area and its business operations, provide reasonable notice of such temporary suspensions, and to work with Grantee to cause such suspension activities to occur in a manner that will not adversely impact Grantee’s business. access over property other than the Easement Area or Grantee's adjacent property. Seattle City Light shall reopen the original access to and across the Easement Area and return it to its prior condition when the suspension period can be terminated, all at Seattle City Light's sole cost and expense.

6. In the event City disturbs or damages Grantee's approved facilities or improvements within the Easement Area during its utility operations, the City will restore such facilities or improvements to its prior condition at its expense.

7. Grantee agrees to assume all liability for any physical damage caused to the City's electrical facilities or property arising out of or resulting from Grantee's operations in or use of the Easement Area by Grantee, its agents, employees or invitees. 8. Except in the normal course of business and construction, and in compliance with all applicable laws, Grantee covenants and agrees that neither it, nor its agents or employees, will store, dump, bury or transfer any hazardous substances, flammable materials, inoperable vehicles, chemicals, oils, fuels, or containers for said substances, chemicals, oils, fuels, etc., on the premises; and further agrees to observe all environmental laws of the State of Washington, City of Seattle, or any other governmental subdivision having regulatory authority over such activities on the premises. Grantee shall report any discovery of any hazardous substance to Seattle City Light within 24 hours of discovery. If City's property becomes contaminated as a result of actions hereunder by Grantee, its, employees, agents, invitees, or visitors, Grantee shall clean up and remediate such contamination as necessary to bring the property into compliance with applicable environmental laws. If Grantee does not so act in a prudent and prompt manner, the City reserves the right, but not the obligation, to act in place of Grantee and to clean up and remediate such contamination as the City deems necessary to ensure compliance. All reasonable costs and expenses incurred by the City in connection with any such clean up or remediation shall become immediately due and payable by Grantee upon the City's presentation of an invoice in accordance with applicable environmental laws.

9. (a) Grantee agrees to defend, indemnify and hold harmless the City of Seattle, its officers, employees and agents, from all claims, actions or damages of every kind and description, which may accrue from or be suffered by reason of Grantee's operations in or use of the Easement Area by Grantee, its agents, employees or invitees, or the performance of any work in connection with its operations or use; and in case of any such suit or action being brought against said City, or damages arising out of or by reason of any of the above causes, Grantee shall, upon notice to Grantee of commencement of such action, defend the same at Grantee's sole cost and expense and will fully satisfy any judgment after the said suit shall have been finally determined, if adversely to the City, excepting any and all claims, actions or damages of any kind which may accrue out of the negligence of the City of Seattle, City Light Department.

(b) To the extent allowed by law, the City of Seattle agrees to defend, indemnify and hold harmless the Grantee, its officers, employees and agents, from all claims, actions or damages of

every kind and description, which may accrue from or be suffered by reason of the City of Seattle's negligent operations in or use of the Easement Area by the City of Seattle, its agents, employees or invitees, or the negligent performance of any work in connection with its operations or use; and in case of any such suit or action being brought against Grantee, or damages arising out of or by reason of any of the above causes, the City of Seattle shall, upon notice to the City of Seattle of commencement of such action, defend the same at the City of Seattle's sole cost and expense and will fully satisfy any judgment after the said suit shall have been finally determined, if adversely to Grantee, excepting any and all claims, actions or damages of any kind which may accrue out of the negligence of Grantee.

(c) Waiver of Industrial Insurance Immunity: The parties agree to waive, solely with respect to this Agreement, their respective immunity under RCW Title 51, Industrial Insurance. The City and Grantee acknowledge that this waiver has been specifically negotiated. The indemnification obligation set forth in this section shall survive the expiration or earlier termination of this Agreement.
