CITY OF SEATTLE
RESOLUTION 31627

A RESOLUTION adopting new principles to guide the Seattle Department of Transportation's Street Use Division and the City Budget Office in preparing and authorizing budget contingencies to meet demand for services in excess of the level planned in the biennial budget for the Street Use Division.

WHEREAS, Resolution 30357 established contingent authority in the Department of Planning and Development for budget and positions to allow prompt response to unanticipated changes in demand for permitting, plan review, and inspection; and

WHEREAS, SDOT's Street Use Division (SU) also performs permitting, plan review, and inspection and requires contingent authority for budget and positions to allow prompt response to unanticipated changes in demand for services; and

WHEREAS, SU is tasked with ensuring public safety, mobility, protection of city assets, and compliance with standards for all work in and affecting the public right of way and requires adequate staffing in plan review and inspection services to meet service objectives as periodically established by the Mayor's Office, including but not limited to acceptable wait times; and

WHEREAS, SU has a performance metric of ensuring Street Improvement Plans are reviewed in a six-week turnaround time, low wait times at the street use counter, and timely response for inspection services that SDOT cannot meet when demand increases unexpectedly without receiving additional budget authority in a timely manner; NOW, THEREFORE,

**BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF SEATTLE, THE
MAYOR CONCURRING, THAT:**

1 Section 1. SDOT shall prepare its budget in a manner that proposes authorizing additional
2 expenditure and positions when warranted by increases in demand for services as indicated by
3 revenues. The budget shall propose contingent budget authority that may be granted in
4 increments of expenditure and full-time positions associated with increments of actual and
5 forecasted revenues in excess of forecast budgeted amounts. Accordingly, a schedule of revenue
6 and contingent budget authority for staffing shall be included in SDOT's biennial budget. The
7 contingent budget authority for staffing proposed in the budget shall be based on three revenue
8 sources: permit fees; plan review fees; and inspection fees. The use of contingent budget
9 authority for staffing proposed shall not preclude the supplemental budget process, which shall
10 be used for all other needs arising from programmatic, organizational, and other changes related
11 to the scope of services provided by SDOT.

12 Section 2. To allow prompt response to unanticipated changes in demand, SDOT shall
13 forecast revenue on a quarterly basis. Revenues shall be forecast over a 12-month cycle and
14 compared to budgeted revenues over the same 12-month period. The budget shall propose a
15 schedule for triggering contingent budget authority for staffing based on revenue in excess of the
16 budget forecast.

17 Section 3. SDOT shall notify the City Budget Office (CBO) within two weeks from the
18 date of forecast. Within two weeks of notification by SDOT, the CBO shall evaluate the
19 adequacy of the forecasts and approve the use of contingent expenditure authority, request
20 additional analysis, or deny the additional authority if, in CBO's opinion, the need is not
21 demonstrated.

22 Section 4. SDOT shall use contingent budget authority for additional overtime, contracts,
23 temporary employees, regular personnel, or non-personnel services as needed, depending on the

1 expected duration of increased demand and the types of resources available. Specific
2 concurrence by the CBO shall be required for the addition of permanent employees.

3 Section 5. Contingent budget authority shall be allocated between budget years based on
4 the distribution of workload associated with forecasted revenues.

5 Section 6. SDOT shall report to the CBO and City Council both predicted and actual
6 revenues on a quarterly basis to indicate whether demand is occurring as expected.

Adopted by the City Council the 23rd day of Nov., 2015, and
signed by me in open session in authentication of its adoption this 23rd day
of Nov., 2015.

President _____ of the City Council

The Mayor concurred the 1st day of December, 2015.

Edward B. Murray, Mayor
