Statement of Legislative Intent:

This Statement of Legislative Intent requests that the Office of Economic Development (OED) provide recommendations regarding the creation of a film commission to serve as an independent advisory body to the City Council and Mayor on issues related to the film industry in Seattle. In the 2020 Proposed Budget, the resources previously located within the Office of Film and Music (OFM) will be repurposed to advance OED's new Creative Industry strategy. While the key functions of OFM, such as the permitting support for special events and filming, will remain unchanged, OED's broader strategy may result in a diminished focus on the film industry.

OED should determine if a film commission is necessary, and if so, describe the purpose of the commission, desired qualifications of commission members, and what resources would be needed to support the commission. To develop these recommendations, OED should consult with film industry stakeholders and the Office of Arts and Culture, as needed, and provide a report to the Community Economic Development Committee and the Council Central Staff Executive Director by April 3, 2020.

Statement of Legislative Intent:

This Statement of Legislative Intent requests that the Office of Economic Development (OED) and the Mayor's Office (MO) convene a volunteer search committee to provide recommendations for hiring OED's Creative Industry Director. The committee will evaluate applicants and recommend candidates for consideration by the OED Director. As part of the restructuring of the Office of Film + Music included in the 2020 Proposed Budget, this new position replaces what was previously the Director of the Office of Film + Music, and will report to the OED Director.

The search committee should include representatives of workers in the film and music industries, including but not limited to: IATSE Local 488, Studio Mechanics of the Pacific NW; Teamsters Local 174, Motion Picture and Theatrical Trades Division; IATSE Local 600, International Cinematographers Guild; The Directors Guild of America; SAG - AFTRA; AFM Local 76-493; and the International Guild of Symphony, Opera, and Ballet Musicians.

OED and the MO should submit a memorandum containing the membership of the volunteer search committee to the Community Economic Development Committee and the Council Central Staff Executive Director by February 28, 2020.

Statement of Legislative Intent:

This Statement of Legislative Intent requests that the City Budget Office (CBO), in partnership with the Department of Neighborhoods, Office for Civil Rights, Seattle Department of Human Resources, and the Law Department, develop a proposal to provide compensation (through scholarships, stipends, or other benefits such as transit passes) to volunteers on the City's Boards and Commissions whose employers do not pay them for such service to make these engagement opportunities more inclusive and accessible.

The City has over 70 boards and commissions that provide advice and feedback on a broad range of topics to the City Council and the Mayor. This work should include:

- (1) analysis to determine the funding needed to support the recommended approach;
- (2) analysis of existing City resources expended annually to support the boards and commissions to determine if there are efficiencies that could be introduced to free up resources to provide this compensation; and
- (3) a best practices review of other cities that provide compensation to inform implementation of a compensation option for volunteers, including recommendations for establishing low-barrier criteria to determine eligibility for compensation.

CBO should submit a proposal to the Finance and Housing Committee, or successor committee, and the Council Central Staff Executive Director, by September 28, 2020.

Statement of Legislative Intent:

This Statement of Legislative Intent requests that the City Budget Office provide a report to the Finance & Housing Committee and the Central Staff Executive Director allowing the City to begin collecting a progressive tax on high-income residents. For any items requiring a long lead time or having complex administrative elements, for example intergovernmental coordination with the Internal Revenue Service, the March 31 report should identify the necessary steps, a proposed implementation timeline, and funding needs for the City to begin collecting as early as practicable in 2020 the progressive tax on high-income residents (passed as Ordinance 119002 on July 10, 2017). Less time-critical elements can be submitted in a follow-up report submitted on June 30, 2020.

In the event that the Supreme Court rules that the City cannot begin collecting a progressive tax on high-income residents, this Statement of Legislative Intent requests a different report from the City Budget Office within 30 days of such a ruling. In such a circumstance, the City Budget Office should provide a report to the Finance and Neighborhoods Committee (or its successor) and the Central Staff Executive Director indicating the necessary steps, a proposed implementation timeline, and funding needs for the City consistent with the Supreme Court ruling.

Statement of Legislative Intent:

This Budget Action requests Finance and Administrative Services (FAS), in consultation with the Office of Labor Standards (OLS), to develop a plan for adding questions to the City's registration process for Title 6 business license applications. Information collected from these questions would support the City's policy development and outreach for labor standards and other laws covering businesses operating in Seattle.

The Council requests FAS to consider adding questions that address business characteristics and preferred contacts for outreach, including but not limited to:

- (1) number of employees in Seattle;
- (2) number of employees worldwide;
- (3) franchise status;
- (4) NAICS Code;
- (5) preferred contact information for City outreach and education; and
- (6) an annually updated email address associated with the business that includes the ability to opt-out of receiving City communications.

The Council requests FAS to develop a plan for adding these questions that includes but is not limited to:

- (1) assessment of outcomes for making the questions mandatory or voluntary;
- (2) methods for encompassing paper and on-line registrations;
- (3) content of questions;
- (4) ability for the City to add questions if necessary;
- (5) ability for businesses to update information on a rolling and annual basis;
- (6) language access;
- (7) cost;
- (8) timeline;
- (9) compliance; and
- (10) any necessary legislation to implement these changes.

The Council requests FAS to submit this plan to the Finance & Housing Committee by June 30, 2020.

Statement of Legislative Intent:

This Statement of Legislative Intent requests that the Office of Economic Development (OED) collaborate with the Office of Housing (OH), Seattle Department of Construction and Inspections (SDCI), and the Office of Planning and Community Development to identify strategies and develop tools that will help connect building owners and developers with small businesses and service providers that are seeking commercial tenancies. This could include, but is not limited to: (1) developing a database of small businesses that are either at risk of displacement or have already been displaced, and an inventory of existing vacant commercial spaces and commercial space under development; (2) information on potential funding opportunities for commercial space, such as the Equitable Development Initiative, Seattle Preschool Program, and child care facilities program; and (3) information on permitting, leasing, licensing, and other applicable processes, rules and other requirements. SDCI and OH should provide these resources to all developers pursuing mixed-use residential projects (both affordable and market-rate) at pre-application meetings.

OED, SDCI, and OH should submit the materials and provide a progress report to the Finance & Housing Committee and the Council Central Staff Executive Director by May 29, 2020.

Statement of Legislative Intent:

This Statement of Legislative Intent (SLI) requests that Finance and Administrative Services (FAS) and Seattle Department of Transportation (SDOT) provide a report to the Finance & Housing Committee on the feasibility of a City of Seattle Transportation Assistance Voucher Program to be funded by Transportation Network Company (TNC) Tax revenues. This report will be due on or before March 31, 2020.

The program would provide vouchers to persons with limited mobility, seniors and/or low-income households to be used on transportation services provided by City of Seattle for-hire licensed operators. The intent is that the report requested in this SLI will be the basis of a new Seattle Transportation Assistance Voucher Program that would be created by Council in 2020 and funded with TNC tax revenues each year. The report should also explore the option of leveraging funding through partnerships with existing programs.

To effectuate this change, Council should also pass Council Budget Action (CBA) TNCSPN-106-B-1 which adds the Transportation Assistance Voucher Program to the list of eligible uses of TNC tax revenues in Resolution 31914; pass CBA TNCTAX 103-B-1, which adds the Transportation Assistance Voucher Program to the list of intended uses of the TNC tax revenues in Council Bill 119684; and pass CBA TNCSPN-104-B-1, which imposes a proviso on \$500,000 of finance general appropriations.

Statement of Legislative Intent:

The purpose of this Statement of Legislative Intent is to take initial steps toward implementing labor harmony provisions in the contracting vehicles for the City's Child Care Assistance Program (CCAP), known as Vendor Services Agreements.

In recent years, the Council has taken a number of actions to incorporate labor standard provisions into City contracts or contracting processes. Recent examples include:

- a) Priority Hire and Project Labor Agreement requirements for public works construction projects in 2015;
- b) City Light Energy Efficiency as a Service pilot projects in 2018; and
- c) the Central Waterfront Operations and Maintenance agreement in 2019.

In addition, in April 2019, the Council added a provision to the Families, Education, Preschool, and Promise (FEPP) Levy Implementation and Evaluation Plan that requires the Department of Education and Early Learning (DEEL) to consider "adherence to labor laws and a commitment to labor harmony" in evaluating contractor proposals.

The Council requests that DEEL conduct stakeholder engagement meetings with current or potential CCAP providers to determine if labor harmony provisions are currently in place and how those provisions could be implemented to ensure uninterrupted care. Stakeholder engagement should, at a minimum, include: family child care providers, child care center directors and teachers, and labor organizations.

The Council requests that the stakeholder engagement process include in-person meetings to gather information and solicit feedback on potential options for implementing labor harmony. In order to ensure robust turnout and participation at the meetings, the Council requests that DEEL utilize multiple methods of communications with stakeholders, including email, telephone, text messages, traditional mail, etc.

Statement of Legislative Intent:

The Washington State Opportunity Scholarship (WSOS) provides scholarships to low- and middle-income students pursuing degrees, certificates, or apprenticeships in high-demand trade, health care, or Science, Technology, Engineering & Math (STEM) fields. WSOS partners with industry and philanthropic donors whose contributions are matched by the State of Washington to raise funds to support two different pathways: (1) a Baccalaureate Scholarship for those pursuing a bachelor's degree in a STEM or health care field; and (2) a Career and Technical Scholarship for those pursuing a degree or certificate in a high-demand trade, health care or STEM field.

In the 2019 legislative session, the State Legislature modified the WSOS program to allow municipalities to contribute funding to the program, which along with State matching funds are awarded to program participants from that municipality. Seattle has an opportunity to be the first municipality to partner with WSOS and to design a program that matches the workforce needs of the city. Collaboration with WSOS would also further the City's commitment to post-secondary education and training, complementing the Seattle Promise investments included in the Families, Education, Preschool, and Promise Levy.

The Council requests that the Department of Education and Early Learning (DEEL) coordinate with WSOS and industry partners to assess the feasibility of implementing the municipal match scholarship program in Seattle. Throughout the process, where possible, the Executive should work with WSOS to compile relevant information that could be provided to other municipalities that want to create similar programs.

The Council further requests that DEEL provide a report to the Council by May 1, 2020 summarizing the status of the work with WSOS in assessing the feasibility of a scholarship program that complements the City's Seattle Promise program. The report should, at a minimum, include the following information:

- a) Partners participating in the process;
- b) Recommended focus for the scholarships to be offered (i.e., industries to be targeted, baccalaureate degrees or career and technical education certificates, etc.);

Statement of Legislative Intent:

Background

As stated on page 10 of the Implementation and Evaluation Plan (I&E Plan), the overall outcome for the Families, Education, Preschool, and Promise (FEPP) Levy is: "African American/Black, Hispanic/Latino, Native American, Pacific Islander, underserved Asian populations, other students of color, refugee and immigrant, homeless, English language learners, and LGBTQ students achieve academically across the preschool to post-secondary continuum."

The I&E Plan further states, on page 17:

"While FEPP Levy goals and outcomes are often framed at the population level with the intent to achieve outcomes for all Seattle students, [the Department of Education and Early Learning's (DEEL)] evaluation activities are committed to disaggregating data to better understand who is being served, how well, and with what results. When outcomes are presented merely in aggregate, race-based inequities are hidden and enabled to persist. DEEL commits to disaggregate data by age, race, ethnicity, languages spoken, socioeconomic status, gender, ability, and income to the extent possible to promote equity in our investments."

Additionally, as part of its work with the FEPP Levy Oversight Committee, in June 2019, DEEL created a Data Workgroup with the following goal: "To create a unified strategy and guidelines for DEEL around collecting and presenting demographic data of the children/students, families and providers we serve."

Request

The Council requests that DEEL provide a written report or presentation to the Council by June 1, 2020 describing its demographic data collection and analysis process. The report should, at a minimum, include discussion of:

- How data are collected;

- b. Who DEEL partners with for data collection and sharing;
- c. How data are disaggregated for evaluation activities;
- d. Other data sources or considerations used in determining target populations; and
- e. Identified opportunity gaps or inequities currently present in areas where the City invests FEPP levy funds.

The Council requests that DEEL also address the following items in the report:

1. How is DEEL using data to inform the creation of funding opportunities and allocations?
2. How is DEEL ensuring that students experiencing the effects of the largest opportunity gaps are being targeted and supported by FEPP Levy investments?
3. What data are being used to inform the Culturally Specific and Responsive investment strategy?
4. How will DEEL use performance data from recipients of FEPP Levy funds to inform future funding allocations?

Statement of Legislative Intent:

This Budget Action requests that the Department of Neighborhoods (DON) work with the Seattle Parks and Recreation (SPR) and the City Budget Office to identify funding opportunities, either through the Metropolitan Parks District or some other ongoing source of funding, for P-Patch maintenance and enhancement, and report to the Land Use & Neighborhoods committee and submit a copy to the Central Staff Executive Director, by September 1, 2010.

The SPR generally spends up to \$200,000 a year from Metropolitan Parks District funds to improve P-Patches. This enables the program to maintain and enhance up to five out of the 89 P-Patches a year. In 2019, no P-Patch improvements were funded.

In addition, the 2020 Proposed Budget includes \$3 million in one time funding from the Sweetened Budget Tax for land acquisition, garden relocation, and capital infrastructure improvements for the P-Patch program.

Statement of Legislative Intent:

This Statement of Legislative Intent requests that the Office of Planning and Community Development (OPCD) and the Seattle Department of Construction and Inspections (SDCI) develop, and conduct any necessary associated environmental review, on a regulatory proposal to limit development of new fossil fuel production and storage facilities within the Seattle city limits.

In August 2019 the Council passed Resolution 31896, which established the docket of Comprehensive Plan amendments the Council will consider in 2020. Resolution 31896 contemplates that the Council will consider the following types of policy changes related to fossil fuels and public health:

"Section 5. Amendments related to fossil fuels and public health. The Council requests that OPCD, in consultation with the Seattle Department of Construction and Inspections, the Office of Sustainability, and the Environmental Justice Committee, draft, evaluate, undertake environmental review and provide recommendations for potential amendments to the Environment, Land Use or Utilities Elements that would clarify the City's intent to protect the public health and meet its climate goals by limiting fossil fuel production and storage."

Any policy and / or regulatory proposal related to the location of fossil fuel production and storage facilities in Seattle's shorelines may be combined with the 2020 update to the Seattle Shoreline Master Program, for which Comprehensive Plan amendments may be adopted outside of the annual Comprehensive Plan amendment cycle.

The report should be submitted to the Chair of the Land Use & Neighborhoods and the Central Staff Executive Director, by June 30, 2020.

Statement of Legislative Intent:

The Council requests Seattle Parks & Recreation (SPR) to provide a report on the status of the Green Seattle Partnership Program. This program is a collaborative effort between the City of Seattle and Forterra to restore 2500 acres of forested park lands in Seattle by 2025. The report should include the following information:

1) Forest Restoration Progress: What is the status of the acres involved in the program?

- a) total # of acres enrolled
- b) # of acres in establishment Phases 2-3
- c) # of acres that have reached the final Phase 4
- d) # of acres remaining to be enrolled
- e) # of additional acres beyond the original goal of 2,500

2) Volunteers: How many volunteer hours have been leveraged to make this program successful?

3) Community Leadership: How many forest stewards are trained as volunteer and forest restoration experts?

4) Youth: What kind of youth engagement has the program accomplished?

- a) number of schools/students engaged
- b) % of the total volunteer hours that are youth
- c) number of youth leadership opportunities/programs involved

5) Challenges: What are the challenges and barriers to completing the remaining work of restoring more than 2500 acres of park land?

6) Investments: What are the estimated resources that have been invested to date by implementation partners, volunteer hours, and City funding)?

7) Funding: What funding and resources (please list/describe separate for FTE for field, program and volunteer management; materials; contractors; etc.) are needed to:

- a) Enroll the remaining acres into Phase 1 restoration
- b) Move remaining acres into Phase 4
- c) Maintain acres in Phase 4 between 2020 and 2025
- d) Maintain all Phase 4 long-term annually beyond 2025

8) Extended Impacts: What are the unintended benefits that have resulted and resources leveraged (e.g., research, additional funding, etc.) from the partnership?

9) Neighborhood Benefits: Are there opportunities for these projects to better serve the needs of our neighborhoods and provide a greater degree of environmental services even more than it does currently?

10) Access to Nature: How can we enhance the passive recreation offered by these properties as we also ensure they maintain a high degree of ecological integrity?

Statement of Legislative Intent:

This Statement of Legislative Intent (SLI) requests that the City Auditor conduct a review of the Seattle Municipal Court's (SMC's) probation program. This assessment should focus on the impacts of probation on people of color who are currently or have previously been under the Court's jurisdiction as part of probation and the racial proportionality of the imposition, conditions of compliance, length, and successful completion of probation, as well as early release from probation.

The audit should also identify gaps in the collection, analysis, and use of data as well as recommendations on how to fill these gaps.

Before initiating this work, the City Auditor should consult with the Chair of the committee with jurisdiction over public safety about the review's scope and objectives to ensure that it is informed by the Vera Institute of Justice's report on probation. The report is anticipated for completion in November 2019.

Upon completion of the probation audit, Council requests that the auditor evaluate the City's criminal legal system to identify impacts communities of color who are most impacted by the criminal legal system. This secondary phase of the audit should not be undertaken until the auditor has consulted with the chair of the committee with jurisdiction over public safety about the scope of the audit, which should be informed by ongoing criminal legal system alignment work.

Statement of Legislative Intent:

This Statement of Legislative Intent (SLI) requests that the Office for Civil Rights (OCR) spend some portion of the \$1,080,000 included in the 2020 Proposed Budget on community-based organizations to develop or provide restorative justice programs for individuals who commit hate or bias crimes. OCR is currently developing a process to equitably distribute these funds in 2020.

Preliminary research shows that there are no existing community-based programs, trainings or community services rooted in harm reduction or restorative justice related to the commission of hate crimes to which a person who has committed a hate crime can participate. The grant of this funding is intended to fill that gap.

Consistent with the 2020 Endorsed Budget, the 2020 Proposed Budget includes \$1,080,000 for community-based organizations providing alternatives to or addressing harm created by the criminal justice system. The funding is expected to support organizations focused on achieving safety, health, healing, and reconciliation through alternatives to the criminal legal system. This SLI asks that OCR add an additional purpose of creating restorative justice programs for individuals committing hate and bias crimes.

Statement of Legislative Intent:

This Statement of Legislative Intent (SLI) requests a report from the City Attorney's Office (LAW) addressing a recommendation made by the Seattle Reentry Workgroup on expanding prefilng diversion opportunities for individuals age 25 and older. Specifically, this SLI requests that LAW evaluate the staffing, costs, and additional resources that would be required to:

- (1) Expand the current young adult prefilng diversion program to serve individuals over the age of 25 while maintaining other eligibility criteria, such as type of crime; or
- (2) Create a new prefilng diversion program for individuals over the age of 25 with different criteria, such as expanding the type of eligible crimes.

LAW's report should include its recommendation on which option the City should pursue. The report shall be submitted to the Council, the Chair of the Public Safety & Human Services Committee, and the Director of Council Central Staff by May 15, 2020.

Background:

In December 2015, the City Council established a Prisoner and Community Corrections Re-entry Workgroup (sometimes referred to as the Seattle Reentry Workgroup) to coordinate and strengthen the City's efforts to assist the reentry process for people returning from incarceration (Resolution 31637). Statement of Legislative Intent:

This Statement of Legislative Intent (SLI) requests that the Seattle Police Department (SPD) work with the Seattle Municipal Court (SMC), and the City Attorney's Office (LAW) to develop alternate reporting mechanisms that accurately capture race data and ethnicity, including but not limited to accurately capturing information on the Latinx community.

This SLI requests that SPD submit a report to the Public Safety & Human Services Committee and the Director of Council Central Staff by July 1, 2020. The report should include:

- (1) The evaluation of one or more alternative reporting mechanisms that are developed;
- (2) A recommendation for which alternative reporting mechanism should be used and an explanation of why; and
- (3) Any resources needed to implement the recommended approach.

Background:

In December 2015, the City Council established a Prisoner and Community Corrections Re-entry Workgroup (sometimes referred to as the Seattle Reentry Workgroup) to coordinate and strengthen the City's efforts to assist the reentry process for people returning from incarceration (Resolution 31637). The Seattle Reentry Workgroup released its final report in October 2018. Latinx community members being labeled under racial categories such as White, Black, or Unknown. Statement of Legislative Intent:

This Statement of Legislative Intent (SLI) requests reports from the Executive addressing recommendations made by the Seattle Reentry Workgroup on increasing economic opportunity for those living with criminal histories. Specifically, this SLI requests that:

1. The Office of Economic Development (OED) and the Office for Civil Rights (OCR) work with formerly incarcerated community members to develop a plan that supports small businesses owned by those with criminal histories. This support could include identifying and facilitating connections with business consultants, technical assistance to secure financing and navigating regulations, and grants for seed money to establish new businesses.
2. The Seattle Department of Human Resources (SDHR), Seattle Information Technology (SIT), and OED develop recommendations to increase hiring opportunities for those with criminal histories who have completed technological training from OED's TechHire partners.
3. OED and Finance and Administrative Services (FAS) prepare a report on how the City can increase the number of Requests for Proposals (RFP), Requests for Qualifications (RFQ), and public works projects awarded to businesses owned or led by formerly incarcerated individuals.
4. SDHR and OED's Workforce Equity Team develop a report on how the City can increase hiring opportunities for formerly incarcerated individuals.

The Executive is requested to submit the reports to the Public Safety & Human Services Committee and the Director of Council Central Staff by July 1, 2020. In the event that additional resources are required to respond to this SLI, the Council expects the Executive to request them in the first quarter supplemental.

Statement of Legislative Intent:

The Council requests that the Human Services Department (HSD) provide a report on the cost, feasibility, and methods of providing resources to subsidize transit passes for employees of HSD-contracted service providers. The report should include one or more options for how the City could cover some or all costs necessary for an HSD-contracted service provider to provide fully or partially subsidized transit benefits to its employees. HSD should work with Council staff and relevant stakeholders beginning in January 2020 to develop a work plan for this report, and meet as needed through June 30, 2020.

Building on the information provided in the response to SLI-35-7-A-2-2019, the report should address the following issues:

- 1) Approximately how many employee salaries at HSD-contracted service providers are contingent on the funding provided through HSD contracts? (Given that HSD contracts are not directly based on number of employees, how can the City determine or estimate the number of employees or FTEs supported by each contract?)
- 2) What are feasible methods and associated costs for providing transit benefits to these employees?
- 3) What transit benefits do HSD-contracted service providers already offer to their employees?
- 4) If the City were to offer funds to subsidize transit benefits for employees covered by an HSD contract, on the condition that a service provider offer the same benefit to all its Seattle employees, how many HSD-contracted service providers would likely participate in the program, and what are the projected costs?
- 5) What opportunities are there for collaboration with King County to develop a joint program that also covers the Department of Community and Human Services (DCHS) contracts?
- 6) What are the potential funding sources, existing or new, that could subsidize transit passes for HSD-contracted service providers.

SPD is asked to submit a report by July 1, 2020 to the Chair of the Public Safety & Human Services Committee – or successor committee - and the Council Central Staff Director. The report should:

- (1) summarize Seattle's CBO program history, including information on number of CBOs by year, the average time it takes to file a CBO, whether the CBO has resulted in a FTA notice and data on the crimes where CBO is used;
- (2) through an analysis of arrests, FTAs and jail bookings, describe whether the CBO program decreases or contributes further to involvement in the criminal justice system in the long term; and
- (3) determine whether the CBO program exacerbates harm in cases where providing a citation as an alternative to booking might have otherwise been handled by not citing or referring a person to the Law Enforcement Assisted Diversion (LEAD) program.

Background:

Section 15.020 of the SPD Policy Manual outlines the Department's CBO program, which offers SPD officers an alternative to booking suspected misdemeanants into jail. The CBO program allows officers to refer directly to the City Attorney's Office (LAW) a case that has been fully investigated in the field and does not require any Detective follow up.

The CBO reduces the negative outcomes associated with jail bookings, which may include separation from family and the risk of losing employment if a suspected misdemeanant cannot report for work. However, it does not fully mitigate the harm caused by the Criminal Justice System and may exacerbate such harm if LAW filing delays or an improperly delivered summons results in a Failure To Appear (FTA) notice that

becomes the basis for a warrant.

As an alternative to arrest, or to CBO, the City's Law Enforcement Assisted Diversion offers officers another choice – to bypass the Criminal Justice System altogether in favor an approach that reduces law violations by participants through use of harm reduction-based case management.

Some U.S. cities, such as New Orleans, LA use CBO-type programs where officers are expected to issue summonses in lieu of arrests for many misdemeanor offenses. And the State of New York passed legislation in April 2019 that expands the use of desk appearance tickets in lieu of arrests for most misdemeanors. These efforts are in line with President Obama's Task Force on 21st Century Policing which recommended that "law enforcement training policies should emphasize de-escalation and alternatives to arrest or summons in situations where appropriate." Additionally, the Seattle Reentry Workgroup, created by Resolution 31637 and convened by the Office of Civil Rights, recommended in its final report that SPD limit arrests for nonviolent misdemeanor offenses and increase its use of alternatives to arrest.

Statement of Legislative Intent:

This Statement of Legislative Intent requests that the Seattle Police Department (SPD) develop a City-wide approach to collect and report the theft, damage, or vandalism of City assets, including the theft of copper wire and the damage caused to City infrastructure during copper wire theft.

Seattle City Light (SCL) has reported 19 copper thefts from streetlights in 2019, with a year-to-date repair cost of over \$113,000. These are in addition to seven other copper thefts from SCL physical facilities in 2019. Seattle Public Utilities and the Seattle Department of Transportation have also indicated that they have incurred theft of copper wire, although the theft is not always reported to SPD. Staff at SPD have indicated that a cursory review showed 52 incidents in 2018 where copper wire was noted as part of the theft report.

SPD is requested to submit to the Chair of the Public Safety & Human Services Committee and to the Director of Council's Central Staff every quarter beginning on April 1, 2019 a report that:

- (1) Identifies whether City departments are tracking damage to City infrastructure, including damage caused by copper wire theft;
- (2) Recommends how City departments could most effectively track damage to City infrastructure; and
- (3) Recommends steps that SPD and other departments can take to deter theft and to identify and address frequent offenders of copper wire theft.

Statement of Legislative Intent:

The Statement of Legislative Intent would request that the Seattle Police Department (SPD) report on the eight scrap metal recycling businesses in Seattle and their compliance with copper wire sales transactions and recordkeeping requirements established by RCW 19.290.020.

RCW 19.290.020 requires that every scrap metal business doing business in this state must create as part of each recycling transaction an accurate and legible record of each transaction involving private metal property or nonferrous metal property. The record must be open to the inspection of any commissioned law enforcement officer at all times during business hours and must be maintained wherever that business is conducted for five years following the date of the transaction.

SPD is requested to submit to the Chair of the Public Safety & Human Services Committee and to the Director of Council's Central Staff on March 31, 2020 a report that:

- (1) Indicates how SPD is responding to Council's request to examine records of copper wire transfers;
- (2) Identifies steps that SPD is taking to ensure that metal recyclers are keeping accurate records of transactions and are taking action to deter purchase of stolen metals; and
- (3) Identifies financial or personnel related resources that are needed to ensure that SPD has what it needs to effectuate this Statement of Legislative Intent (SLI) as well as SLI SPD 9-A-1.

Statement of Legislative Intent:

This Statement of Legislative Intent requests that the Office of Sustainability (OSE) collaborate with the Office of Housing (OH) to establish high-road contracting standards for electric heat installers, as per the high-road standards and practices established by Resolution 31232 in 2010. Between 2010 and 2014, OSE administered a federally-funded Community Power Works program that offered loans and rebates for eligible energy efficiency improvements to homes. For this program, OSE developed a Community High-Road Agreement (HRA) workforce agreement focused on providing good jobs, equitable access, and quality work. The HRA encouraged living-wage jobs with benefits, training opportunities, and safety guarantees; ensured that all types of businesses and workers, including those in historically underrepresented groups, had access to the program's economic opportunities; and included quality assurance mechanisms to promote high-quality energy efficiency improvements.

The City has set a goal of decommissioning all underground residential oil tanks or replacing them with a modern tank by 2029 and is funding the conversion of oil heat systems to electric systems for eligible low-income households using the proceeds from the Heating Oil Tax, enacted by Ordinance 125934. These conversions will be administered by OH. OSE and OH should set up conditions for an HRA with electric heat installers contracted for these conversions. Additionally, OSE should explore the possibility of creating a list of electrical contractors who are willing to agree to an HRA and determine if the City can prioritize these contractors for City-funded projects.

OSE should submit a report to the Sustainability & Renters' Rights Committee, the Council Central Staff Executive Director, and the Green New Deal Oversight Board by June 30, 2020.

The report should include answers to the following questions:

A. How would SCL meet the increased demand for electric power, including impacts on infrastructure?

B. How would SDOT incorporate full electrification into its transportation planning, infrastructure investment, and cross-agency coordination?

C. How would OSE adjust its cross-agency coordination, monitoring of compliance, and measuring of progress?

Statement of Legislative Intent:

This Statement of Legislative Intent (SLI) requests Seattle City Light (SCL) report to the Transportation and Utilities Committee and the Central Staff Director by July 31, 2020 regarding how SCL's proposed 2021-2026 Strategic Plan and rate design will be consistent with the goals of Resolution 31895, namely:

- A. Make Seattle free of climate pollutants, meaning those that cause shifts in climate patterns, including carbon dioxide, black carbon, methane, nitrogen oxides, and fluorinated gases, by 2030;
- B. Prioritize investment in communities historically most harmed by economic, racial, and environmental injustice;
- C. Advance an equitable transition from an economy based on extraction and exploitation to one based on regeneration and cooperation, ensuring that those with the least amount of power and wealth are positioned to lead during this transition and are not left behind; and
- D. Create stable, well-paying jobs that prioritize local hire and are protected by Project Labor Agreements and Labor Harmony Agreements to ensure high-quality work and fair treatment of workers.

SCL is expected to transmit for Council's consideration the proposed 2021-2026 Strategic Plan and the rate design in the second quarter of 2020.

Seattle has committed to eliminating all climate pollution by 2030 as part of Seattle's Green New Deal Resolution (Resolution 31895). To fulfill this commitment, Seattle will need to convert rapidly from the use of fossil fuels as energy sources for the operation of vehicles and buildings to the use of all-electric modes of transportation and building energy systems.

In 2005, SCL became the first electric utility in the country to achieve zero net greenhouse gas emissions. It has maintained that carbon neutral status every year since. Consequently, transitioning to an all-electric

Council requests that the Seattle Department of Transportation (SDOT) provide a report identifying the amount of SDOT's annual expenditures to maintain bicycle infrastructure and recommending accounting and budget process changes to measure this spending from year to year.

The 2020 Proposed Budget includes \$38,722,268 for the Maintenance Operations Budget Summary Level (BSL). The Maintenance Operations BSL provides appropriations for routine maintenance of the City's right-of-way, including roadways, sidewalks, and landscaping. Within this BSL, the budget does not identify specific funding for maintenance of bike facilities, such as protected bike lanes and trails.

Council requests that SDOT (a) identify the amount of annual funding for maintenance of bike facilities; (b) identify accounting and budget process changes to clearly identify this category of spending in future budget proposals; and (c) work with the Seattle Bike Advisory Board and stakeholders to develop a list of priority locations for ongoing maintenance.
