1. BILL SUMMARY

Legislation Title: AN ORDINANCE relating to the Department of Parks and Recreation; authorizing the acquisition of real property commonly known as 4451 33rd Avenue W; authorizing acceptance and recording of the deed for open space, park, and recreation purposes; and ratifying and confirming certain prior acts.

Summary and background of the Legislation: This proposed legislation authorizes the Department of Parks and Recreation (DPR) to acquire the property located at 4451 33rd Avenue West by negotiation. The legislation also allows for the acceptance of the deed to the subject property for open space, park, and recreation purposes.

On August 5, 2014, Seattle voters approved the formation of the Seattle Park District, for the purpose of providing stable funding for operations, maintenance, development and acquisition of parks and recreation facilities and programs.

The Seattle Park District provides funding to acquire park lands, including acquisition of properties to fill gaps in existing public ownership and preserve continuity within the City's greenspaces. The proposed Council Bill authorizes DPR to acquire a 4,400 square-foot property located within Kiwanis Ravine Natural Area. The subject property is vacant.

In 1956 the Kiwanis Club of Seattle offered to donate “a very scenic natural glen” located just to the east of Fort Lawton to the Seattle Parks Department. This area was acquired for the benefit of the children in the area and they thought it would be better if it was owned and managed by the Parks Department. Over the years the City has added to this original gift and now owns and manages 16.5 acres. The ravine is home to the largest Blue Heron rookery in the City. The City has been trying to buy this property since the mid 1990’s, but the original owner was unwilling to sell. The current owners are moving and contacted the City to see if we were still interested.
